Public Comment

District Policy 180.05 provides an opportunity for the public to address the Board. We value the public comment period and feedback from our stakeholders. To comply with the Open Meetings Law and to ensure consistency, public comment will have the following parameters:

- Speakers will have three minutes in which to make their comments. Ms. Katie Heitz will signal the speaker when their time is up.
- The Board will not comment after each speaker and will reserve discussion to any items on the agenda. Speakers are welcome to stay for the meeting.
- Next steps following public comment may include: referral to the appropriate administrator for follow-up with the speaker or placement of the matter on a future Board agenda.

Oregon School District Board of Education Memo

OREGON SCHOOL DISTRICT

Date: January 8, 2024

Time: 5:15 PM

Place: Innovation Center at Oregon High School, 456 N Perry Parkway, Oregon, WI

Mission: The mission of the Oregon School District is to educate all students by helping them acquire the skills, knowledge, and attitudes needed to achieve their individual potential, to contribute to a changing society, and to be receptive to learning as a lifelong process. The mission will be accomplished by delivering a high quality program through the joint efforts of students, staff, parents, and community.

WISCONSIN ASSOCIATION OF SCHOOL BOARDS, INC. 1 Madison, Wisconsin 2 November 29, 2023 3 4 REPORT TO THE MEMBERSHIP ON PROPOSED 2024 RESOLUTIONS 5 WASB Policy & Resolutions Committee 6 Mike Humke, Dodgeville School Board, Chair 7 8 9 Resolution 24-01: Student Teachers & WIP Interns 10 11 Create: The WASB supports revision of Wisconsin's post-secondary student teacher programs and 12 Wisconsin Improvement Program (WIP) Internships for consistency, accessibility, and to incentivize 13 talent development across the state which may include year-round licensure, waiver of fees, and/or 14 payment of stipends. 15 16 Rationale: Wisconsin continues to experience an extreme teacher shortage which jeopardizes the 17 ability of districts to provide high quality education through well trained available staff, as well as to 18 fill specialty and substitute teaching needs. Targeting the teacher training pipeline, removing barriers, 19 and offering creative incentives such as pay for student teaching, flexibility in internship licensure for 20 districts, and the ability for education candidates to substitute teach are part of addressing this 21 challenge. 22 23 24 Resolution 24-02: Stipends for Cooperating Teachers 25 26 Create: The WASB supports creation of a stipend program to incentivize and compensate 27 Wisconsin DPI designated cooperating teachers for consistency, accessibility, and to boost talent 28 development across the state. 29 30 Rationale: Cooperating teachers help preservice student teachers understand the dynamics of the 31 classroom. They mentor student teachers as they navigate the development of lesson plans that 32 align with state standards; implement effective methodologies and strategies to meet the 33 academic and behavioral needs of all learners; and, design assessment tools to collect data for the 34 purposes of monitoring progress. The state currently does not pay cooperating teachers who take 35

on preservice student teachers. Some teachers do take on the responsibility of having student

teachers; however, it is additional work and universities may be challenged to fill the pool of

cooperating teachers for student teachers.

1	Resolution 24-03: Federal Aids-Facility Barriers for Students with Disabilities
2	
3	Amend Existing Resolution 2.60(c) as follows (adding the underlined language and deleting
4	the stricken language): (c) Federal aid funding for the removal of barriers in school facilities
5	which may limit access by students and others and to ensure compliance with federal law.
6	
7	Rationale: This resolution seeks to update the language of WASB's existing resolution on
8	Federal Aids to reflect more current terminology. It also seeks to tie the resolution more directly
9	to current federal law.
10	
11	Developing 24.04 G C LEG C C LEG

15	Amend Existing Resolution 3.40(c) as follows (adding the underlined language and deleting
16	the stricken language): The WASB supports careful diagnosis and screening of all children by professional employees to help identify children with disabilities as early as possible. The WASB
17	also supports special programs that meet the educational needs of children with disabilities

19	and a serior districts.
20	The WASB supports mainstreaming and/or inclusion of children with disabilities into regular
21	elassrooms when it benefits all students best practice inclusion of children with disabilities in the
22	general education environment. All children with disabilities deserve access to the general
23	education environment to the greatest extent possible.
24	
25	Amend Existing Resolution 3.43 as follows (adding the underlined language and deleting the

27	to offer alternatives in addition to mainstreaming access to the general education environment as
28	"the least restrictive environment and most appropriate" for educating children with disabilities
29	as required by law.
30	
31	Rationale: "Mainstreaming" is an outdated term that doesn't align with the goal of inclusive
32	practices. The revision to the resolution aligns better with the federal Individual with Disabilities
33	Education Act (IDEA).

36	Resolution 24-05: State Specialty Schools

38	Amend Existing Resolution 3.481 as follows (adding the underlined language and deleting
39	the stricken language): The WASB supports continued operation of state-funded specialty
40	schools that serve students who are visually handicapped and hearing impaired blind or visually

impaired and/or deaf or hard of hearing. An IEP team should determine if a specialty school is the appropriate educational placement.

Rationale: The terms used in the original resolution are outdated. The state schools have updated their language to reflect the terminology suggested in the revised resolution. The added language clarifies that placement in a specialty school is the determination of the IEP team which includes educations experts familiar with the student's educational needs and the student's parents/legal guardians.

Resolution 24-06: Seclusion and Restraint

<u>Create</u>: The WASB supports continued best practice resources, training, and funding to support school districts in seclusion and restraint practices with a focus on improving systems and reducing harmful events.

<u>Rationale</u>: Seclusion and restraint are widespread practices in schools throughout the state and some advocates cite statistics that they are disproportionately used on students with disabilities and students of color. For example, students with disabilities are involved in a high majority of incidents, despite comprising only 14 percent of the statewide student population.

Resolution 24-07: Office of School Safety

<u>Create:</u> The WASB supports state funding and staff to maintain the functions of the Office of School Safety, including but not limited to grants for schools, trainings for school staff and law enforcement on preventing and mitigating school violence, and maintenance of the 24-hour hotline to confidentially report potential threats.

Rationale: School safety is a top issue for parents across Wisconsin. Funding for continuation of the Office of School Safety was not included in the final 2023-2025 biennial budget. Despite the recent announcement by the Department of Justice of an extension of one-year's funding for the office, state funding may be required to ensure the office can fully operate beyond 2024. The office was established in 2018 with bipartisan support to distribute \$100 million in federal grants to schools to strengthen schools' safety protocols and support schools to do criminal incident mapping. Without additional state funding, the office may not be able to continue operating in the way it has since it was created and decrease resources available to districts to enhance their safety.

Resolution 24-08: Artificial Intelligence 1 2 3 Create: The WASB recognizes the significance of Artificial Intelligence as a newly developing 4 technology and looks to be a part of the state discussion as Artificial Intelligence evolves. 5 6 Rationale: Artificial Intelligence is a developing technology whose impacts will have far-7 reaching consequences for education and society. The WASB should seek to be a part of ongoing legislative discussions surrounding Artificial Intelligence regulation and development so that the 8 9 educational perspective is not left out of the conversation. 10 11 12 Resolution 24-09: Classroom Technology 13 (Note: Existing Resolutions relating to "Classroom Technology" are found in the Resolutions 14 Book at pp. 24-25.) 15 16 **REPEAL** the following existing resolutions: 17 • 3.30 Interactive Communications Systems • 3.31 Technology in the Classroom 18 • 3.32 Educational Technology Initiative 19 • 3.33 Online Courses 20 21 • 3.34 Virtual Schools 22 • 3.35 Statewide Contracting for Virtual Classes 3.36 CESAs and Virtual Charter Schools 23 24 25 **And RECREATE** as follows: 26 27 **EDUCATIONAL TECHNOLOGY** 28 29 3.30 General Policy 30 The WASB supports the use of educational technologies, including the use of online courses to allow local school boards to offer course content to students that they would otherwise be unable 31 to offer. 32 33 34 3.31 State Funding The WASB supports state-funded educational technology initiatives to ensure that school 35 districts have the technological capacity for students to succeed in the 21st century and to meet 36 state requirements, such as online adaptive testing, the state accountability system, curriculum 37 and instructional standards aligned to college and career readiness, and rigorous teacher and 38 39 principal evaluation systems. (2013-1)

3.32 Virtual Charter Schools 1 The WASB supports that publicly funded virtual charter schools must follow state accountability 2 standards and transparency requirements. 3 4 5 3.33 CESAs and Virtual Charter Schools The WASB supports allowing CESAs to enter into cooperative agreements with individual 6 school districts to establish virtual charter schools authorized by the board of the local school 7 district. The WASB opposes legislation granting CESAs the authority to establish independent 8 virtual charter schools. 9 10 Should any CESA be authorized to operate a virtual charter school without entering into a 11 cooperative agreement with a school district, the WASB supports limiting per pupil payments to 12 any CESA authorized virtual charter school to an amount identical to the per pupil amount of the 13 open enrollment transfer payment. This would prevent CESA-authorized virtual charter schools 14 from unfairly competing with school board-authorized virtual charter schools. (2012-12) 15 16 17 Rationale: These resolutions are outdated. These changes are meant to update terminology and 18 consolidate resolution language into a more concise and coherent policy. This is 19 deleting/rewriting existing resolutions in accordance with the original intent, nothing new was 20 added. 21 22 23 Resolution 24-10: Revenue Limits 24 (Note: Existing Resolutions relating to "Revenue Limits" are found in the Resolutions Book at 25 pp. 14-15.) 26 27 REPEAL the following existing resolutions: 28 29

- constitutional regulation of school finance. (2002-18)(2005-1) 41

1 2.41 Modification of Revenue Limits The WASB supports exemptions from the revenue cap to allow for the needs of individual 2 3 districts with respect to the requirements of their programs. (1994-11)(1995-3) 4 5 The WASB also supports the following: 6 7 (a) Annually increase per pupil revenue limits statewide by a dollar amount equal to or greater 8 than the percentage increase, if any, in CPI-U on a fiscal year basis applied to the statewide average revenue limit authority per pupil. (2012-3)(2017-6) 9 10 11 (b) Allowing the carryover of any unused revenue authority. (1995-3)(1996-10) 12 (c) Changing the revenue limit FTE membership calculation to allow a district to use either a 13 five-year rolling average, three-year rolling average or the current year membership, whichever 14 is greater, and allowing a district to apply to the Department of Public Instruction for emergency 15 16 aid or revenue flexibility. (1996-10)(1998-11)(2003-7)(2012-06)(2018-4) 17 (d) Including 100 percent of full-time equivalent (FTE) summer school membership for each of 18 the years used in the computation of the revenue cap. (1995-17)(2017-14) 19 20 (e) Providing that a district's revenue limit be determined prior to the start of the district's fiscal 21 22 year. 23 (f) The WASB supports legislation to implement a sliding scale formula factor multiplier to 24 25 increase the membership of districts for revenue limit purposes. -----PROPOSAL FOR THE 2024 DELEGATE ASSEMBLY -----

Subject: 2023 Wisconsin Act 20 Implementation of Reading Screeners for English Learners

Submitted by: Marcela "Xela" Garcia, Milwaukee Board of School Directors

Resolution: Resolved that the Wisconsin Association of School Boards hereby joins other advocates of bilingual education in urging the state legislature and the Wisconsin Department of Public Instruction to reconsider the implementation of 2023 Wisconsin Act 20 that negatively impacts English learners, especially the screening methods; and, be it Further Resolved that we demand the following of the Wisconsin Department of Public Instruction:

- That experts in bilingual education and language acquisition be included in any work that facilitates or guides the implementation of 2023 Wisconsin Act 20; and
- That recent arrivals to the country be waived from any English assessment for one year, as exemplified by the FORWARD state exam, whereby, students who have been in the country for less than a year are exempt from taking the English reading exam; and
- That students who have not had adequate time (seven to nine years, according to research) to become proficient in English are not to be labeled as "at-risk" or referred to special education services based on an English screener or assessment; and
- That any reading plan and/or mandatory summer school program must reflect best practices in assessments and bilingual/dual language education to allow English learners to develop literacy skills in two languages; and

- That instructional best practices for English language development and biliteracy be allowed in the classrooms and support literacy development that occurs in English learners' home languages in order to learn in two languages; and
- That testing in the students' home language should be accepted as a valid measure of progress and literacy development; and
- That the K4 <u>- K5 early childhood</u> <u>3rd grade</u> assessments, screeners, and diagnostics required in 2023 Wisconsin Act 20 continue to be provided in Spanish for English/Spanish bilingual programs; and
- That school districts continue to purchase and utilize literacy curricula in Spanish in Spanish-Bilingual programs; and
- That school districts continue to provide professional development that reflects best practices in assessment and instruction for bilingual program students; and
- That assurances that the highly successful bilingual programs in the state be allowed to continue providing instruction in two languages without risk of being altered as a result of invalid assessment data; and
- That these changes be equitable and that they protect the civil rights of Wisconsin's EL population.

Rationale:

Wisconsin currently serves nearly 55,000 English Learners (ELs), with over 140 identified languages spoken by Wisconsin students, and with approximately 9,000 of ELs concentrated in Milwaukee alone.

Wisconsin State Statutes 115.96 (4)(b) states that an established bilingual-bicultural educational program should provide, "through the use of the native language of the limited-English proficient pupil, instruction in the subjects necessary to permit the pupil to progress effectively through the educational system,"

Wisconsin State Statutes 118.017 states that, "All instruction shall be in the English language, except, in part, those programs established under subchapter VII of Ch. 115, where instruction shall be in the English language and in the non-English language of the bilingual-bicultural education program," and;

The current practice of the Wisconsin Department of Public Instruction (DPI) to test all ELs in English, regardless of their time learning the English language, violates federal law under the Supreme Court decision Lau v. Nichols (1973), which addresses equity in language instruction and by extension, assessment. Lau further holds that once a student is identified as an EL under the Lau Remedies, they cannot be treated as other English-dominant students.

By mandating that ELs take a reading readiness screener in English only, the Wisconsin Department of Public Instruction and the state legislature have disregarded one of the core principles of assessment - validity - the principal that that testing instruments must assess what they are designed to assess.

Reading readiness screeners given only in English are not a valid assessment of students who speak languages other than English because these tests measure the student's level of

English language acquisition instead of their level of literacy development and ignore the fact that an EL might be at grade level in their home language.

By testing students in English before they have learned English, 2023 Wisconsin Act 20 goes against federal Lau compliance mandates, which require that elementary schools provide students with limited English proficiency special English-as-a-second-language instruction as well as academic subject-matter instruction through the student's strongest language until the student achieves proficiency in English sufficient to learn effectively in a monolingual English classroom.

The Wisconsin Association for Bilingual Education (WIABE) the largest organization in the state of Wisconsin that serves educators of emerging bilingual and multilingual students is leading advocacy efforts that bring to light the unjust nature of this law which disproportionately impacts English Learners and violates their right to learn in two languages.

The current implementation of 2023 Wisconsin Act 20 is in direct opposition to the successful bilingual/dual language program models of instruction in Wisconsin, which support students acquiring English language proficiency while maintaining their home language and which is supported by research evidence that skills developed in the first language, will automatically transfer to the second language (Cummins, Collier & Thomas, Escamilla, Gottlieb, Castro, Beeman & Urow).

The current implementation of 2023 Wisconsin Act 20 will adversely impact bilingual teachers who will feel compelled to refrain from using the native language to develop academic skills and who may shift to English-only instruction.

2023 Wisconsin Act 20 may pressure school districts to move away from following the fidelity of the bilingual/dual language programs to comply with English testing mandates, thereby jeopardizing the quality of bilingual/dual language programs in Wisconsin. 2023 Wisconsin Act 20 disregards the unique strengths and needs of ELs. Mislabeling students is a human rights violation that is likely to draw the scrutiny of the Office of Civil Rights. Englishonly standardized tests, and screeners, and diagnostics are not valid for ELs.

AGENDA ITEM: D2 2024-2025 Employee Handbook - Holidays

INITIATED BY: Dr. Leslie Bergstrom

SUBMITTED BY: Dr. Leslie Bergstrom and Jina Jonen

SUPPORTING DATA

We recommend the Board recognize Martin Luther King, Jr. (MLK) Day as a holiday for full-year employees, administrative assistants, food service staff and paraprofessionals. This would mean it would be a non-work day for teachers and licensed-non represented staff, and continue to be a non-instructional day for students.

In the 2024-25 Calendar, the Board approved MLK Day as a non-instructional day for school year staff and students. However, full-year staff would still work on MLK Day unless it is an approved holiday.

The Employee Handbook, section 4.02.01, recognizes the following paid holidays for staff by category of employment:

Holiday	Full Year Employees	Teachers & Licensed Non-Represented Staff	Administrative Assistants	Food Service & Paraprofessionals
Fourth of July	Χ			
Labor Day	Χ	Χ	Χ	X
Thanksgiving	Χ	Χ	X	X
Friday after Thanksgiving	Х		X	Х
Christmas Eve	Х		Х	
Christmas Day	Χ		X	
New Year's Eve	Χ		Χ	
New Year's Day	Χ		X	
Friday before Easter	Х		Х	Х
Memorial Day	Χ	Х	Х	Х

We have been receiving increased feedback from staff that the District should have MLK Day as a holiday. Additionally, this has been a theme from our calendar surveys.

One of the Board's values is Educational Equity, and we are committed to a learning

environment where everyone feels a sense of welcoming and belonging. Additionally, one of the Board's goals for 2022-25 is to increase the diversity of our staff to better reflect our student demographics because research shows that having a diverse school staff leads to higher student achievement for all students. One step we can take to reflect these values is to recognize MLK Day as a District holiday.

MLK Day honors the American civil rights leader who dedicated his life to achieving equality for all people. His message of peace and justice resonated with many Americans. People are encouraged to use the day to reflect on the principles of racial equality and nonviolent social change as advocated by Dr. King.

MLK Day is an observed federal holiday as well as a state holiday. From our review, at least five other Dane County schools recognize MLK Day as a holiday.

If approved, the Employee Handbook language in 2024-25 would be as follows:

Holiday	Full Year Employees	Teachers & Licensed Non-Represented Staff	Administrative Assistants	Food Service & Paraprofessionals
Fourth of July	Χ			
Labor Day	Χ	X	X	X
Thanksgiving	Χ	X	X	X
Friday after Thanksgiving	X		X	Х
Christmas Eve	Χ		X	
Christmas Day	Χ		X	
New Year's Eve	Χ		X	
New Year's Day	Χ		X	
Martin Luther King, Jr., Day	X		X	Х
Friday before Easter	X		X	Х
Memorial Day	X	X	X	Х

The intent of this recommendation is not to increase costs, so we would return with a recommendation as to future holiday changes, starting with the 2024-25 school year, to remain budget neutral.

SUMMARY AND RECOMMENDATION:

The Board change the 2024-25 Employee Handbook to add Martin Luther King, Jr. Day as a holiday for full year employees, administrative assistants, food service staff and paraprofessionals, and direct the District Office Administrator Team to come back to the Board with a recommendation as to future holiday changes in order to remain budget neutral.
