Public Comment

District Policy 180.05 provides an opportunity for the public to address the Board. We value the public comment period and feedback from our stakeholders. To comply with the Open Meetings Law and to ensure consistency, public comment will have the following parameters:

- Speakers will have three minutes in which to make their comments. Ms. Katie Heitz will signal the speaker when their time is up.
- The Board will not comment after each speaker and will reserve discussion to any items on the agenda. Speakers are welcome to stay for the meeting.
- Next steps following public comment may include: referral to the appropriate administrator for follow-up with the speaker or placement of the matter on a future Board agenda.

BOARD POLICY OR STATUTORY REFERENCE: Wis. Stat. § 118.13; Wis. Admin. Code § PI 9.06.

SUPPORTING DATA: The Department of Public Instruction (DPI) requires school boards to evaluate the status of nondiscrimination and equality of educational opportunity in the school district at least once every five years and report the results to the DPI. *See* Wis. Admin. Code § PI 9.06.

To meet the five-year evaluation and reporting requirements, the Oregon School District (District) must evaluate the status of nondiscrimination and equality of educational opportunity in the following eight areas:

- School board policies and administrative procedures;
- Enrollment trends in classes and programs;
- Methods, practices, curriculum and materials used in instruction, counseling, and pupil assessment and testing;
- Trends and patterns of disciplinary actions, including suspensions, expulsions, and handling of pupil harassment;
- Participation trends and patterns and school district support of athletic, extracurricular and recreational activities;
- Trends and patterns in awarding scholarships and other forms of recognition and achievement provided or administered by the district;

- School district efforts to achieve equality of educational opportunity and nondiscrimination; and
- School district technology, including electronic communications by school district staff.

As part of the self-evaluation, the District must provide an opportunity for participation by pupils, teachers, administrators, parents/guardians and residents of the District. In addition, the District must prepare a written report of the evaluation which shall be approved by the school board and available for examination by residents of the school district. This process must be completed by May 30, 2024

Section I - General Overview of Pupil Nondiscrimination Self-Evaluation 2019-2024

The Department of Public Instruction (DPI) requires school boards to evaluate the status of nondiscrimination and equality of educational opportunity in the school district at least once every five years and report the results to the DPI. Wis. Admin. Code § PI 9.06.

To meet the five-year evaluation and reporting requirements, the Oregon School District (District) must evaluate the status of nondiscrimination and equality of educational opportunity in the following eight areas:

- School board policies and administrative procedures.
- Enrollment trends in classes and programs.
- Methods, practices, curriculum and materials used in instruction, counseling, and pupil assessment and testing.
- Trends and patterns of disciplinary actions, including suspensions, expulsions, and handling of pupil harassment.
- Participation trends and patterns and school district support of athletic, extracurricular and recreational activities.
- Trends and patterns in awarding scholarships and other forms of recognition and achievement provided or administered by the district.
- School district efforts to achieve equality of educational opportunity and nondiscrimination.
- School district technology, including electronic communications by school district staff.

As part of the self-evaluation, the District must provide an opportunity for participation by pupils, teachers, administrators, parents/guardians and residents of the District. In addition, the District must prepare a written report of the evaluation which shall be approved by the school board and available for examination by residents of the school district. This process must be completed by May 30, 2024

Section II - Contributors to the Pupil Nondiscrimination Self-Evaluation Report

Dr. Bergstrom, District Superintendent, and the members of the administrative team were responsible for the initial draft of this report. They then presented the draft report to the school community as outlined below. They compiled their feedback and presented a final report for school board approval.

The opportunity to participate in the final review of this report was offered to pupils,

teachers, administrators, parents/guardians and residents of the District in the following manner:

- ☒ Review and discussion at District Office Administrators Team Meetings
- ☒ Review and discussion at District-Wide Administrator Team meetings
- ☒ Staff, Family and Community Engagement In-Person Session on May 1, 2024
- ☒ Staff, Family and Community Engagement Virtual Session on May 1, 2024
- ☒ Staff, Family and Community Engagement Session in Spanish on May 7, 2024
- ☒ Discussion with Superintendent's Student Advisory Council on May 10, 2024
- ☒ Presentation at the open meeting portion of a regularly scheduled School Board Meeting on May 13, 2024

Section III District Overview - Oregon School District

The District serves approximately 4,100 amazing students between the ages of 3-21, across seven school locations, seven pre-kindergarten community-based sites and eleven municipalities.

Our Mission

The District's mission is to educate by helping students acquire the skills, knowledge and attitudes needed to achieve their individual potential, to contribute to a changing society and to be receptive to learning as a lifelong process.

What We Value

The District is dedicated to five core values: *Relevant & Empowering Learning Experiences, Caring & Professional Educators, Educational Equity, Strong Family & Community Partnerships, and Whole Child Emphasis*. These values are interconnected and work together to set the foundation of our strong and growing school District.

[Five Values](#)

Student Demographics

The District submits its student demographic data annually to the DPI's WISE Dash Database. You can find the detailed information about the student demographics here:

 [Pupil Nondiscrimination Self-Evaluation Report 2019-24 \(Public\)](#)¹

This report is based on student demographics since the 2019-20 school years. Similar to school districts across the state, the District's operations were significantly impacted

¹ Under FERPA, school districts releasing data derived from education records are responsible for protecting personally identifiable information from disclosure. The U.S. Department of Education advises districts "not use disaggregated data for one or more subgroups... if the results would reveal personally identifiable information about an individual student" and to "implement appropriate strategies to protect the privacy of individual students" (34 CFR §200.7). Thus, it is generally recommended not to report data where the group size is less than 10. As a result, the District has internally analyzed all specific student groups for each section of this report, but is not able to publicly share due to confidentiality.

by the global pandemic, particularly during the 2019-20 and 2020-21 school years. Since the District was required to close in March 2020, the District did not include certain specific student data from the 2019-20 or 2020-21 school years because it was not complete or reliable. As a result, the District was limited in its ability to examine multi-year trends or patterns due to schools being closed in March 2020 and due to the District offering a reduced schedule and virtual learning during the 2020-21 school year. For this reason, the 2022-23 data will be the primary focus and given greater emphasis in determining recommendations or considerations for improvement.

It is also important to note that all data present in the WISE Dash system for the 2023-24 school year has not yet been validated, so it is subject to change.

Section IV - School Board Policies and Administrative Procedures

The first area for self-evaluation is to ensure the Board's policies prohibiting discrimination and its administrative procedures comply with Wis. Stat. § 118.13 and Wis. Admin. Code PI §§ 9.03-9.05 as required by Wis. Admin. Code § PI 9.06(1)(a).

By evaluating this area, school districts will have an opportunity to ensure that:

- Policies include all protected categories listed under Wis. Stat. § 118.13.
- Policies address anti-harassment.
- Policies are published annually, are easily accessible and clearly articulate the compliance officers, the complaint timeline, and procedures for the complaint process.

Summary Report Data

Findings:

- The District has Board approved policies prohibiting discrimination against pupils on the basis of each of the protected classes set forth in Wis. Stat. §118.13 and as identified in PI 9.03.
- The District's nondiscrimination policies apply to all areas of school operations, including school-sponsored programs and activities.
- The District has a stand alone Anti-Hate Speech Policy that further emphasizes a school culture of diversity and belonging for each and every student.
- The District has provided communication to families and lessons for K-12 students relating to the Anti-Hate Speech Policy.
- Policy information is shared on OregonSD.org (school and District webpages) and in Family Handbooks.
- The District has recently revised its format for viewing policies on its website to make them easier for the school community to navigate, and it is ADA compliant.

- o These policies provide written procedures for filing, investigating and resolving complaints of pupil discrimination which set forth a written timeline for investigating complaints, provide for a written response, and provide information regarding appeal procedures.
- o The District has trained multiple staff members on the Title IX complaint process.
- o The District has streamlined its complaint process to offer one standard complaint form to make it easier for families to alert the District to concerns.

Method of Analysis:

- o Review and Examination of policies related to Pupil Nondiscrimination and Equal Education Opportunity
- o Review and Examination of Administrative Guidelines related to Pupil Nondiscrimination and Equal Education Opportunity
- o Review of Family Handbooks

Supporting Information:

The following information was reviewed:

[Oregon School Board Policies](#)

- o Policy 157 - Anti-Harassment / Non-Discrimination
- o Policy 157 - Admin Guidelines - Statement on Non-Discrimination
- o Policy 158 - Religious and Cultural Activities
- o Policy 163 - Anti-Bullying
- o Policy 164 - Anti-Hate Speech
- o Policy 165 - Sexual Harassment under Title IX - Students
- o Policy 166 - Sexual Harassment under Title IX - Employees
- o Family Handbooks K-12

Recommendations for Improvement and Implementation Strategies:

- o The District shall continue to publish an annual class 1 legal notice and include the nondiscrimination statement in all Family Handbooks.
- o The District shall continue training staff and students on the Anti-Hate Speech Policy and their role in providing a safe and inclusive environment.

- o The District shall update its Title IX policy and processes regarding sexual harassment to comply with the new regulations effective August 1, 2024.
- o The District shall ensure that the non discrimination statement is placed in a prominent location and that the complaint form is easy to access as it converts to a new website platform (coming in summer 2024).

Section V – Enrollment trends in classes and programs

The purpose of this section is to ask the District to examine enrollment trends and patterns within classes and programs provided by the District as required by Wis. Admin. Code § PI 9.06(1)(b).

By evaluating this area, school districts will have an opportunity to:

- o Ensure progress is made each year towards increased course and program enrollment by underrepresented groups based upon race, gender, disability status, and national origin.
- o Evaluate particular programs and courses that merit attention such as advanced and/or college preparatory courses, advanced learning, and vocational education classes or programs.

Summary Report Data

Findings:

- o *Advanced Placement (AP) courses:* enrollment is higher for students who identify as female than students who identify as male, and lower for students who have an Individualized Education Plan (IEP), and for students of color.
- o *Agriculture courses:* students who have an IEP are participating in higher percentages in agriculture courses than students without an IEP.
- o *Technology courses:* students who identify as male are participating in higher percentages in technology education courses than those who identify as female. In addition, students of color and students who have an IEP are participating in fewer numbers.
- o *School to Career:* enrollment is higher for students who identify as female than students who identify as male, and lower for students of color.
- o *Advanced Learning:* there are a higher percentage of boys in advanced learning than girls at K-4. By grades 5 and 6, the participation becomes more balanced and by high school, the participation is proportional. Participation in advanced learning is lower for students of color as well as students with an IEP.
- o *Music:* fewer males participated in vocal music and orchestra district-wide.

The participation in music electives is significantly lower for students with an IEP with the exception of vocal music in grades 5-6.

- *Special Education:* similar to other districts in Dane County, the District has seen a significant rise in the number of students with an IEP over the course of the past 5 years, from 10.63% in the 21-22 school year to 13.71% in the 23-24 school year. The largest increases in referrals were seen at the preschool level growing from 15 in 2020-21 to 51 in 2022-23. The largest increases in special education referrals were seen in the categories of speech and language impairment and Autism. This growth overall in students with IEPs provides the District with an opportunity to increase inclusive services and access to grade level standards and curriculum.

Method of Analysis:

- Examination of participation in the courses and programs when compared to student demographics.

Supporting Information:

The following information was reviewed:

- Participation in Advanced Placement courses
- Participation in Agricultural courses
- Participation in the School to Career program
- Participation in Technology Education
- Participation in Advanced Learning classes
- Participation in Music Programming 5-12.

Recommendations for Improvement and Implementation Strategies:

- Continue to emphasize inclusive practices district-wide to ensure that students with IEPs have access to grade level standards and are able to learn alongside their peers at every level. While this has been done to a greater degree at the high school level, there is opportunity to do more in grades K-8.
- Encourage increased participation in standardized assessments for students with IEPs, increasing the expectations for participation and performance.
- Provide professional development to increase teacher capacity in instructional practices for multilingual learners and learners with varied academic and behavioral needs.
- Alter school schedules to enable dedicated time for collaborative lesson planning by regular education and special education teachers.

- o Improve the efficacy of Professional Learning Communities (PLCs) to identify opportunity gaps through the analysis of student work, and modify instructional practices to alleviate the gaps.
- o The District shall examine practices with respect to identifying advanced learning students in the younger grades, and incorporate culturally and linguistically equitable talent identification methods to identify students who would benefit from advanced learning opportunities.
- o This summer, the music departments will engage in a visioning process that will include a discussion about how to increase inclusionary practices.
- o Continue the process of implementing the AVID program at OMS with one of the goals being increased participation in AP courses.

Section VI - Methods, Practices, Curriculum and Materials Used in Instruction, Counseling, and Assessment

The purpose of this section is to ask the District to examine the method, practices, curriculum and materials used in PK-12 school counseling to determine whether all students are being included in the learning process as required by Wis. Admin. Code § PI 9.06(1)(c).

By evaluating this area, school Districts will have an opportunity to:

- o Ensure that the goals of equity and excellence for all students are demonstrated through the school counseling practices in the District.
- o Ensure counselors emphasize that courses, programs, roles, and careers are open to all students regardless of gender, race, national origin, or whether they have an IEP.

Summary Report Data

Findings:

- o The District's school counseling programs align with the American School Counselor Association (ASCA) model. This model guides school counselors in the development of school counseling programs that:
 - o are based on data-informed decision making;
 - o are delivered to all students systematically;
 - o include a developmentally appropriate curriculum focused on the mindsets and behaviors all students need for postsecondary readiness and success;
 - o close achievement and opportunity gaps (see how equity is woven into

the ASCA National Model); and

- o result in improved student achievement, attendance and discipline.
- o The District's Department of Student Services' mission is to assist students in acquiring the social-emotional skills, knowledge and attitudes they need to become effective citizens and lifelong learners.
- o Students in grades K-8 receive weekly lessons in social emotional learning through the Second Step curriculum. Most lessons are led by classroom teachers. At the K-4 level, school counselors teach lessons about bullying, harassment, and protective behaviors.
- o Students in grades 3-12 complete a social-emotional survey called Panorama in the spring and fall.
- o Students in grade five, eight, and ten participate in career lessons during health classes.
- o Students in grades six and ten complete a trauma screener in partnership with Journey Mental Health. This program, called REST, partners with schools and community mental health agencies to build resilience and promote recovery for youth impacted by stress and trauma. The program identifies students needing mental health support, connects them to appropriate school or community-based intervention(s), and increases schools' capacities to support students impacted by stress and trauma.
- o Students in grade seven complete the Behavioral and Emotional Screening System (BESS). This screener offers a reliable, quick, and systematic way to determine behavioral and emotional strengths and weaknesses of children and adolescents. As a result of this screener, students may receive additional mental health support.
- o Students in grades 9-12 receive monthly lessons in social emotional learning based on Character Strong.
- o "Junior Conference" individual meetings are held for all students in the eleventh grade. Parents/guardians are invited to participate in these meetings to plan for students' final year of high school and post-secondary planning. This is an important component of meeting each student's unique needs and working with each student to create a plan for future success.
- o The District currently has established partnership with four community mental health providers that offer school-based therapy for students during the school day.
- o The District student services team has reviewed and made revisions to our Student Death Manual and suicide risk assessment process. The team has also received training on Behavioral Threat Assessment and Management.

Method of Analysis:

- o Review of K-12 Counseling Program Scope and Sequence
- o Participation and discussion with the Administrative Team

Supporting Information:

The following information was reviewed:

- o Review of Second Step curriculum
- o Review of counseling practices, including small group offerings and curriculum
- o Review of counseling procedures, including Behavioral Threat Assessment and Management and referral process for school-based mental health providers

Recommendations for Improvement and Implementation Strategies:

- o Continue to increase the data tracking and decision-making related to the multilevel systems of support in each building.
- o Further clarify and articulate the data rules across schools to identify students for tier two and three counseling supports (ie. small groups).
- o Continue to increase ability to track impact data on programming and interventions.
- o Continue to provide professional learning for school counselors around the ASCA model.
- o Engage with Spanish speaking mental health professionals who can provide school-based mental health therapy for our Spanish speaking population.
- o Increase coordination and communication between special education case managers and counseling staff to ensure students with IEPs can access a wide variety of courses, including AP courses.

Section VII – Trends and Patterns of Disciplinary Actions, Including Suspensions, Expulsions, and Handling of Pupil Harassment

The purpose of this section is to evaluate trends and patterns in disciplinary actions, policies, and procedures as required by Wis. Admin. Code § PI 9.06(1)(d).

By evaluating this area, school Districts will have an opportunity to:

- o Ensure disciplinary actions and procedures are applied consistently to all students.
- o Verify that harassment policies define harassment, provide examples, explain the consequences, and prohibit retaliation and provide for as much

confidentiality as reasonably possible.

- Show that staff, students, and parents/guardians have access to find and file a harassment complaint.
- Verify that responses to harassment are prompt, firm, and effective.

Summary Report Data

Findings:

- The number of students who have been expelled in the last five years is very low. Students who identify as male have higher rates of expulsion than students who identify as female.
- Students who identify as male and students of color have higher rates of suspension. Students who have an IEP are suspended at higher rates than students without an IEP, particularly with in-school suspensions, but are expelled at a much lower rate.
- The District strives to provide a learning environment free from discrimination and harassment. Reporting of harassment on the basis of sex has increased in the past five years and reporting of harassment on the basis of race continues to be our highest reported category.
- In most cases, prior to expulsion, the District engages with students and families during a preemptive discussion (pre-expulsion conference) in order to ensure all necessary support is in place to keep the student in school with their peers. This has been a successful strategy to avoid expulsion.

Method of Analysis:

- Review of expulsion and suspension rates over multiple years
- Review of policies:
 - Policy 157 Anti-Harassment and Non-Discrimination
 - Policy 165 and 166 - Sexual Harassment under Title IX
 - Policy 432 Code of Conduct
 - Policy 434 Suspension and Expulsion
 - Policy 434 Pre-Expulsion Conference
 - Policy 436 Student Policy on Alcohol and/or other Drugs
- Review of Family Handbooks
- Analysis of WISE Dash Discipline Data

Supporting Information:

The following information was reviewed:

- o Infinite Campus Behavior Reports
- o WISE Dash Discipline Data
- o WI Pupil Nondiscrimination Annual Reports 2019-2024

Recommendations for Improvement and Implementation Strategies:

- o Continue to train all appropriate staff in trauma sensitive schools. The District is currently completing the first year of a three-year training program using the Wellpoint Trauma Sensitive Schools framework.
- o Increase staff and student capacity to implement restorative practices using the International Institute of Restorative Practices (IIRP) framework.
- o Continue education with students and staff regarding anti-harassment and anti-hate speech.
- o Continue to train staff in behavior analysis and development of behavior plans through the District's multilevel system of support as well as through the special education evaluation and IEP process.
- o Continue emphasizing alternatives to discipline including instructional strategies for social skills, behavior/sensory regulation, etc. through asset based interventions such as Collaborative and Proactive Solutions, and the use of sensory tools and strategies.
- o Re-examine the use of in school suspensions for students with IEPs.
- o Continue to emphasize healthy solutions to support the development of mental wellness strategies and ensure opportunities to address mental health concerns are available to all student groups, including those with IEPs and other traditionally marginalized groups.
- o Ensure environmental and instructional accommodations are available for students with IEPs to allow needs to be met and to stay in general education classrooms as much as possible.
- o Continue to engage with students, staff and families about preventative strategies and supports to keep students in school with their peers.

Section VIII - Trends and Patterns of School District Support of Athletic, Co-Curricular, and Recreational Activities

The purpose of this section is to review participation trends and patterns and school

district support of athletic, co-curricular, and recreational activities as required by Wis. Admin. Code § PI 9.06(1)(e).

By evaluating this area, school Districts will have an opportunity to:

- Foster and promote the goals of equity and inclusiveness in athletic, co-curricular, and recreational programs and any school-sponsored or approved activity.
- Ensure that interscholastic athletic programs for boys and girls are comparable.
- Ensure the school provides athletic, co-curricular, and recreational activities to meet the interests and abilities of diverse students as evidenced by participation rates.

Summary Report Data

Findings:²

Overall Information

- The number of students participating in athletics and co-curricular activities across the district is high.
- More students are becoming involved in athletics and activities across the district this school year with the addition of Lacrosse and Girls Wrestling.
- This addition of new school sponsored sports and activities was largely driven by student interest and participation numbers.

Athletic Participation Information

- The high school offers varying levels of athletic opportunities including WIAA sports, club sports, and intramural sports.
- There are more males than females participating in athletics.
- Students of color are participating at a lower rate than other students.
- The high school and middle school athletic participation data shows an underrepresentation by students with an IEP.

Activities Participation Information

- There are more females than males participating in non-athletic co-curricular activities at the high school level.

² The regulation implementing Title IX requires institutions to provide equal athletic opportunities for both boys and girls and to effectively accommodate students' athletic interests and abilities.

- The high school activities participation data shows an underrepresentation by students with an IEP as compared to their peers, however, the percentage is rising.

Methods of Analysis

- Participation data and discussion with Director of Athletics
- Data pull from Infinite Campus student management system
- Data Analysis of participation rates, disaggregated by gender, ethnicity, race, English language learner status, whether students have an IE.
- Athletic and co-curricular survey data from students and from parents/guardians

Supporting Information

The following information was reviewed:

- Athletic offerings at Oregon Middle School and Oregon High School
- Infinite Campus Data regarding participation rates for athletics 7-12
- Infinite Campus Data regarding participation rates for co-curricular activities

Recommendations for Improvement and Implementation Strategies

- Continue having the Athletic Department compile data annually for the high school on participation rates based on student demographic data.
- Have the Athletic Department compile data annually for the middle school on participation rates based on student demographic data.
- Address barriers to participation that have been identified through student/school counselor/coach meetings and take the appropriate steps to address those barriers, such as transportation, socioeconomic reasons or increasing offerings of interest.
- The District should develop a process about how to add additional activities to the co-curricular schedule.
- Continue to address feedback raised through student and families surveys to provide an inclusive and welcoming environment to each and every student

Section IX - Trends and Patterns in Awarding Scholarships and Other Forms of Recognition Provided or Administered by the District

The purpose of this section is to evaluate the patterns in awarding scholarships and other forms of recognition and achievement and determine whether some groups of

students are significantly underrepresented as recipients of awards or other forms of recognition as required by Wis. Admin. Code § PI 9.06(1)(f).

By evaluating this area, school Districts will have an opportunity to:

- Ensure that all scholarships and other forms of recognition are awarded in a way that does not discriminate.
- Identify and develop ways to effectively publicize scholarship and award opportunities so that all students and parents/guardians are informed.
- Develop recommendations to ensure that the amount and number of scholarships and other types of awards are equitably distributed and comply with nondiscrimination laws.

Findings

- The local scholarship program is directly administered by a scholarship committee. The scholarship committee has worked hard to implement a selection process that emphasizes the importance of diversifying our scholarship awards.
- A scholarship letter and applications are emailed to all senior students, posted online, and available in student services. The letter is available in Spanish, but the application is only in English.
- The high school counseling office keeps an annual list of the scholarships recipients. The recipients are reviewed for consideration of gender, ethnicity, and race, but not for students who have an IEP.
- Scholarship descriptions and selection criteria are established/reviewed annually and are managed by scholarship committee co-chairs and high school student services staff.
- The District's nondiscrimination statement is present on local scholarship information.
- Students of color and students with an IEP have been underrepresented as scholarship recipients over the last three years.
- Female students have consistently applied at higher rates and received more scholarships than male students.

Methods of Analysis

- Participation and discussion with school counselors
- Review of policies, award recipients, and all scholarship related materials
- Participation and discussion with high school principal

Supporting Information

The following information was reviewed:

- Policy 417 - Scholarships and Financial Assistance
- Policy 417 Administrative Guidelines
- Scholarship Application Form and Letters
- Data lists of scholarship awards recipients

Recommendations for Improvement and Implementation Strategies

- The Scholarship Committee continues to work hard to have our awards reflect both the diversity of our student body and the emphasis we've placed on the diversifying of representation within advanced courses. We will continue to promote scholarship applications to all students at OHS.
- The Scholarship Committee will develop and implement outreach strategies to increase the number of applicants who are students of color.
- Translate the local scholarship applications into Spanish.
- Scholarship data tracking will be improved to include the scholarship received and the amount of the scholarship for each student.
- The scholarship data (applicants and recipients) will be analyzed by student demographics, including students with an IEP, and shared annually with the scholarship committee and high school administration.
- The scholarship committee will review the data annually and continue to recommend changes to the process and procedures to improve student participation rates and scholarship recipients across diverse backgrounds while complying with nondiscrimination laws.
- Counselors will schedule sessions or work individually with underrepresented students on how to organize information, write and complete their scholarship applications.

Section X – School District Efforts to Achieve Equality of Education Opportunity and Nondiscrimination

The purpose of this section is to evaluate the District's efforts to achieve equality of education opportunity and nondiscrimination as required by Wis. Admin. Code § PI 9.06(1)(g).

By evaluating this area, school Districts will have an opportunity to:

- Ensure that staff have high expectations for all students

- An ongoing effort is in place to ensure equality of educational opportunity and nondiscrimination
- The school environment is welcoming to all students and parents/guardians who visit the building.
- Equality of educational opportunity and nondiscrimination are considered in the planning and implementation of staff development.

Summary Report Data

Findings:

- The District adopted a Strategic Plan in 2022, which includes the Portrait of a Graduate and the District's Five Values. These documents directly address the quality of the education for all students and the District's focus on Nondiscrimination. This is specifically emphasized by the District's value of Educational Equity.
- District-wide goals are directly shared in the strategic plan addressing:
 - ensuring every student meets or exceeds grade level standards
 - incorporating Social Emotional Learning goals for all students
 - create a strong review and planning process to evaluate current curriculum
 - adopt high quality literacy instructional materials that use the sciences of reading
 - create inclusive environments that show an understanding of and care for every student, staff, family member, and visitor
 - continued lessons to all students with regards to the [Anti-Hate Speech Policy](#)
 - staff sustainability taskforce
- The District strategic plan explicitly states the District's commitment to [educational equity](#), which includes:
 - Educating staff, students and families about our Anti-Hate Speech policy;
 - Empowering student organizations to be active participants in our equity work;
 - Advancing our curriculum to promote equity, honor cultural diversity and eliminate institutional biases;

- o Engaging parents, families and community members in educational forums;
- o Recruiting and retaining caring and professional BIPOC educators/staff;
- o Partnering with local and national organizations to more fully understand and act upon institutional and other forms of racism in our District; and
- o Investing in professional development programs and study/discussion groups for teachers and staff that are focused on equity and racism.
- o Student survey results show that 94% of students agree their teacher treats them with respect and 83% agree other students treat them with respect.
- o Family survey results show that 95% of families agree that they feel welcome in their child's school.
- o Vision and strategic plan documents are discussed at school board meetings and available on the District website.

Method of Analysis:

- o School Board Meetings Committee Work, Strategic Planning Workshops
- o Review/Discussion of the District's [Strategic Plan](#)
- o Review/Discussion of the District's strategic implementation process of reviewing educational outcomes and closing opportunity gaps (SAIL)
- o Review of [Portrait of a Graduate](#)
- o Community engagement in task forces and committees, and support of students and the district via attendance at extra-curricular, co-curricular events.
- o Family participation in parent/teacher conferences, Ready-Set-Go conferences, school activity nights, etc.

The following information was reviewed:

- o [District Strategic Plan](#)
- o [Policy 138- "The Path Forward" position paper](#)
- o [Policy 358- Controversial Issues](#)
- o [NYU Culturally Responsive Scorecard for analyzing ELA curriculum](#)
- o [Curate Massachusetts](#)

- o [Achieve the Core Reading Accelerators](#)

Recommendations for Improvement and Implementation Strategies:

- o The District has a Strategic Plan that measures and reports out to the community and school board the progress in several areas. This plan encompasses the focus and expectations for providing an equitable educational opportunity and addressing issues of harassment. Updates of this strategic plan and the results should be shared with all shareholders within the school and community.

Section XI – School District Technology, including Electronic Communications by School District Staff

The purpose of this section is to evaluate the availability of pupil nondiscrimination policies and materials for students, parents, and staff as required by Wis. Admin. Code § PI 9.06(1)(h).

By evaluating this area, school Districts will have an opportunity to:

- o Ensure that all students and parents have access to the relevant information relating to pupil nondiscrimination policies and procedures.
- o Students, teachers, parents, and community members have an opportunity to participate in the self-evaluation process/review.
- o The Pupil Nondiscrimination Self Evaluation Report is available to all residents and the PI-1198 Assurance has been provided to the Department of Public Instruction.

Summary Report Data

Findings:

- o All school [District policies](#) are available electronically on the District's website or in hard copy (as requested) by the general public. There is also a [web page](#) dedicated specifically to equity and inclusion that gives context and provides links to these policies.
- o Key policies and the Family Handbooks 4K-12 contain the District's statement on pupil nondiscrimination.
- o Our annual school registration process requires families to sign off on the Family Handbook, which includes links to these policies.
- o The draft Self-Evaluation Report was shared with staff and families for feedback at engagement sessions on May 1 (one in person and one virtually) and on May 7 (presentation in Spanish), and with students.

- o The final Pupil Nondiscrimination Self Evaluation Report is available to all residents in English and in Spanish, and the PI-1198 Assurance has been provided to the Department of Public Instruction.

Method of Analysis:

- o School Board Policies and Family Handbooks
- o Review of District website
