To Whom it May Concern

I am writing to formally purpose/request a School District Boundary Line change/alteration of our property listed at N8439 Smith Road Brooklyn WI (town of Brooklyn, Green County) 53521. Single family home with 15.0 acres built in 1995. Tax parcel number 0167.1000, Deed document number 575511 dated 11/04/2016, location detail NE-NE: section 22, T4N, R9E (see attached documents/maps). Owner: Eric Klitzman and Krysia Martinson.

Currently our school district is Albany however our 4 children (grades 6th, 7th, 8th and 10th) have been attending Oregon School District since they were in Kindergarten. Across our road and surrounding properties are listed as Oregon School District-please see attached Wisconsin Education Boundaries map.

Our family and friends grew up, live and work in the Oregon/Brooklyn area. In fact, most if not all graduated for Oregon/Brooklyn Schools at one time or another. We do all our daily shopping in town, we attend Church, community events and sporting events in these area's as well.

We were fortunate for the first year ever in years Oregon School District made special accommodations for bus transportation for our children knowing we were not in the route District. If this was not possible our children would have not been able to attend reopening of 2020-2021 school during the COVID crisis nor would my son be able to attend in person classes solely on his own earlier in the school year due to needing extra curriculum assistance.

That being said, in the interest of our children's education, community relationships and transportation concern's we would like to have boundary line changed, placing our family's home in the Oregon/Brooklyn School District. Oregon and Brooklyn are and always will be OUR HOME!

Thank you in advance for considering our request.

Yours Truly,

Eric Klitzman and Krysia Martinson

The block contains two handwritten signatures. The first signature is in cursive and reads "Krysia Martinson". The second signature is also in cursive and appears to be "Eric Klitzman".

# School District Boundary Appeal Board

The School District Boundary Appeal Board (SDBAB) is created within the Department of Public Instruction by s.15.375, Wis. Statutes (<https://docs.legis.wisconsin.gov/statutes/statutes/15/II/375/2>) to address certain issues related to school district reorganization. The Board consists of 12 school board members appointed by the state superintendent of Public Instruction for staggered two-year terms. Four members represent small school districts; four represent medium school districts, and four represent large school districts. No more than one member may come from each of the 12 CESA areas. Three-member panels of SDBAB members (one each from a small, medium, and large district) hear appeals related to small territory detachment. Seven member boards, consisting of two representatives each from small, medium, and large districts, and the state superintendent or his or her designee, address issues related to district creation and dissolution, annexation, or boundary disputes. Operations of the board are described in s.117.05(1) and (2), Wis. statutes (<https://docs.legis.wisconsin.gov/statutes/statutes/117/05?view=section>).

---

## SDBAB Fees

- Section 117.05 (9), Wisconsin statutes, (<https://docs.legis.wisconsin.gov/statutes/statutes/117/05/9>) permits the state superintendent to charge fees sufficient to reimburse the department for the costs related to certain School District Boundary Appeal Board (SDBAB) activities.
- Section PI 2.03 of the administrative rules  requires the state superintendent to annually "establish a filing fee sufficient to cover the expenses of convening the school district boundary appeal board and the appeal panel".

# Public School District Reorganization-Procedures for School District Boundary Appeal Board Panel Hearings

---

The School District Boundary Appeal Board (SDBAB) panel consists of three (3) individuals who currently serve as school board members of their local school districts and who have been appointed by the state superintendent to hear appeals filed under Chapter 117, Wis. Stats. A non-voting chairperson, also appointed by the state superintendent, facilitates the hearing.

In the weeks prior to the hearing, the school districts are asked to submit the following information:

- A copy of the notice of any local school board hearing on a petition or a resolution for reorganization; transcribed minutes, transcribed stenographic record or electronic recording of hearing; and a copy of all exhibits and data submitted at the hearing.
- Class schedule, list of courses, or other information about the academic program of any school or schools attended, or that would be attended, by students residing on the territory that is the subject of the appeal.
- School district map indicating location of property under appeal.
- Any written statement of facts or other relevant matters relating to a proposed reorganization.

Petitioners will also be given the opportunity to submit information prior to the hearing. This information, along with any other relevant documents that are received by the Secretary of the School District Boundary Appeal Board, become part of the Official File for each hearing. A copy of the Official File is provided to each SDBAB panel member, school district representative and petitioner in advance of the hearing so he/she may study the documents and become familiar with the issues related to the appeal.

Additional documents that are not already included in the Official File may be presented as exhibits during the appeal hearing. If such documents are to be used, they should be submitted to the recording secretary 30 minutes before the scheduled start time of the appeal so they can be properly verified and marked. Eight (8) copies of each exhibit are needed for distribution.

The proponent(s) (those people asking that the school board's order of denial be reversed and that the territory be detached) present their case first. The time limit for the presentation is one hour. The opponent(s) (those people who want the territory to remain in the school district) are also given up to one hour for their presentation. After the presentations, a 10-minute summation or rebuttal time is given to both parties.

At the conclusion of the public presentations, the SDBAB panel is given an opportunity to ask questions of anyone who presented testimony or of other parties in attendance. However, no one is allowed to make statements during this time period unless asked to do so by panel members. When the panel has no more questions, deliberations begin.

The panel discusses the appeal and makes its decision in the presence of the proponent(s), opponent(s) and audience. In accordance with s. 117.15, Wis. Stats., the appeal panel considers and weighs specific criteria as they affect the educational welfare of all of the children residing in all of the school districts affected by the proposed reorganization. Click on the following link to view the list of criteria. (<https://dpi.wi.gov/sms/reorganization/evaluation-criteria>).

# Public School District Reorganization-Detachment and Attachment of Small Territory Initiated by Owner

**(Wis. Stats. 117.12)**

---

## **APPLICATION**

### **Wis. Stats. 117.12(1)**

This section applies to the owner or elector-initiated petition to detach a small territory. A territory is defined as small if **both**:

- the assessed valuation of the territory proposed to be transferred, divided by its assessment ratio, is less than seven (7) percent of the equalized valuation of the school district from which it is proposed to be detached, **and**
- less than seven (7) percent of the enrollment of the school district from which the territory is proposed to be detached resides in the territory proposed to be transferred. (Use the most recent 3rd Friday in September or 2nd Friday in January count.)

## **PETITION**

### **Wis. Stats. 117.12(2)**

A small territory, owner-initiated petition may be filed by either:

- A majority of the electors residing in the territory proposed to be detached; **or**
- The owners of 50 percent or more of the territory proposed to be detached, as measured by the territory's assessed valuation divided by its assessment ratio.

Petitions for the detachment and attachment of any small territory must be filed **before February 1** with the clerk of the school district to which the territory is currently attached. The petition must include a description of the parcel or territory proposed for detachment. This description must be sufficiently accurate to determine its location in the school district in which it is located, as certified by the clerk of each town, village, or city within which all or part of the parcel or territory is located. The petition must also state the number of pupils residing in the territory who were enrolled in the district to which the territory is currently attached, as certified by the district clerk. (Use the most recent 3rd Friday in September or 2nd Friday in January count.) The petition should

be filed personally or mailed directly to the clerk of the school district to which the territory is currently attached. The school district clerk must receive the petition **before February 1** in order for it to be considered that year.

Click on the following link to view or print a [small territory transfer petition](#) .

## **SCHOOL BOARD ACTION**

### **Wis. Stats. 117.12(3)**

During the month of February, each affected school board must give the petitioners an opportunity to meet with the board to present reasons for the proposed reorganization **before** adopting a resolution either granting or denying the detachment. **Each** affected school board must vote on the proposed reorganization. If all school boards agree to the detachment and attachment of the territory, the process ends and the reorganization will become effective July 1 of that year. If any school board denies the proposed reorganization, an appeal may be made to the School District Boundary Appeal Board by the electors or owners described above. Failure of a school board to **adopt a resolution** before March 1 either ordering or denying the reorganization constitutes a denial of the reorganization by the school board.

## **APPEALS OF A SCHOOL BOARD'S ORDER OF DENIAL**

### **Wis. Stats. 117.12(4) and (5)**

A majority of the elector(s) residing in the territory or the owner(s) of 50 percent or more of the territory may appeal the school board's order denying detachment of a small territory. The appeal shall be filed with the Secretary of the School District Boundary Appeal Board before the March 15 following the denial. Appeals received after March 14 will be rejected as not timely.

Click on the following link to view or print a [model appeal application](#)  for a hearing before the School District Boundary Appeal Panel.

## **Appeal Panel**

In most cases, appeals of the denial of the detachment and attachment of small territories are heard by a three-member Appeal Panel appointed by the State Superintendent. The panel members are also members of the School District Boundary Appeal Board (SDBAB). The panel must include one person from a district with small enrollment, one from a district with medium enrollment, and one from a district with large enrollment. The Appeal Panel, after hearing the details of the petition, may affirm, deny, or modify the school board's denial of the reorganization of the territory designated on the petition. The appeal order shall be issued before the June 15 following the filing of the appeal; any order of detachment is effective July 1.

## School District Boundary Appeal Board

The law also provides that an appeal shall be heard by a seven-member School District Boundary Appeal Board, rather than an Appeal Panel, if any of the following apply:

- More than one appeal to detach small territory from a single district was filed by the March 15 date and either:
  - The total assessed valuation of the territory proposed to be detached under the appeals, divided by the assessment ratio, is seven (7) percent or more of the equalized valuation of the original school district; or
  - The number of pupils enrolled in the school district who reside in the territory proposed to be detached is seven (7) percent or more of that school district's enrollment;

OR

- The total territory detached over the previous two years, including the appeal under review, constitutes two (2) percent or more of either the equalized value or enrollment of the school district from which detachment is proposed.

For all appeals, the School District Boundary Appeal Panel or Board shall evaluate each appeal with the statutory criteria listed in Wis. Stats. 117.15 (<https://dpi.wi.gov/sms/reorganization/evaluation-criteria>), and issue an order either affirming, denying, or modifying the school board's denial of any or all of the proposed reorganizations. The School District Boundary Appeal Board's order shall be issued by the June 15 following the filing of the appeal; any reorganization that is granted is effective July 1.

## RELATED ISSUES

S.117.25(2), Wis. Stats., states that when territory is detached from one school district and attached to another school district the following apply:

- Assets and liabilities are assigned to the school districts under s. 66.0235, Wis. Stats., on the effective date of the reorganization. The process may include assets and liabilities being assigned proportionally to the affected school districts based on the ratio of the equalized valuation of the reorganized territory to the equalized valuation of all taxable property in the detaching school district {s. 66.0235(2c)(a), Wis. Stats.}.

Wis. Stats. 66.0235(2c)(b) provides for an alternate procedure to be used wherein the affected school boards adopt identical resolutions stating the agreed-upon division of assets and liabilities. The resolution must pass in each affected school board by a three-fourths vote in favor of the resolution.

Districts holding state trust fund loans should refer to s. 66.0235(10), Wis. Stats., for the procedure to transfer this debt.

- Any employee of the school district from which territory is detached who is laid off as a result of the reorganization has priority over other persons, except employees of the school district to

which the territory is attached and former employees of that school district who were laid off from that school district, for three (3) years after the effective date of the reorganization for new positions and vacant positions for which he or she is qualified in the school district to which the territory is attached. {s. 117.25 (2)(b)(1), Wis. Stats.}

Any person who wishes to exercise this priority shall notify the school district to which the territory is attached, in writing, that he or she wishes to be considered for any new position or vacant position and shall include in the notice the address to be used by the school district to notify the person of such positions. {s. 117.25 (2)(b)(2), Wis. Stats.}

## **APPEAL TO CIRCUIT COURT**

### **Wis. Stats. 117.14**

Any person aggrieved by an order of the School District Boundary Appeal Board or Appeal Panel may appeal the order to a circuit court within thirty (30) days after copies of the order are filed with the secretary of the board under s. 117.17(2), Wis. Stats. To begin the appeal, the aggrieved person must serve written notice, specifically stating the grounds for the appeal, upon the Secretary of the School District Boundary Appeal Board and file the notice with the clerk of the circuit court of any county in which any of the territory proposed to be detached is located or with the clerk of the circuit court of any county in which any territory of the school district to which the territory is proposed to be attached is located.

## **WHAT THE STATUTES SAY WITH REGARD TO NOTIFICATION**

- A certified copy of the petition must be sent to the school board of the school district to which the territory is proposed to be attached and to DPI. {Wis. Stats. 117.12(2)}
- The school district clerk of a district adopting a resolution must, within 5 days after the adoption of the resolution, send a certified copy of the resolution to the school board of the other affected district and to DPI. {Wis. Stats. 117.12(3)}

Click on the following link to locate samples (<https://dpi.wi.gov/sms/reorganization/forms>), of orders and resolutions related to school district reorganization. It is recommended that school boards fill out three originals, one to keep and one each for the other district and the DPI. If you send photocopies of the original, a Certificate of True Copy is needed.

(1m) (c). The board may not modify the boundaries by detaching territory from any additional school districts.

(bm) If the board modifies the boundaries or the apportionment of assets and liabilities under par. (b), it shall immediately notify the school board of each affected school district, and before June 15, the school board of each affected school district may proceed under sub. (2) to issue an order either granting or denying the proposed reorganization, as modified by the board. The board shall then proceed under par. (c) without the filing of a new peti-

The order shall state the board's rationale and include an evaluation of each of the factors specified in s. 117.15. **(4) ORDER OF REORGANIZATION IF APPROVED AT REFERENDUM.** If a majority of the votes cast in the referendum held under sub. (3) (b) in the territory of the school district proposed to be created by the reorganization is in favor of the creation of the proposed school district, and a majority of the votes cast in the referendum held under sub. (3) (d) in the territory of the affected school districts is in favor of the creation of the proposed school district, at the time of canvassing the returns the school boards of the affected school districts shall make and file an order of school district reorganization under s. 117.17 (2). The reorganization shall take effect on the following July 1 unless the school board of the newly created school district adopts and files a resolution, as provided in s. 117.17 (2), stating that the reorganization shall take effect on the 2nd July 1 following the order of reorganization.

**(4m) PROCEDURES FOR CREATION OF A SCHOOL DISTRICT BASED ON AN OPPORTUNITY SCHOOLS AND PARTNERSHIP PROGRAM; CERTAIN VILLAGES.** (a) In this subsection:

1. "Eligible unified school district" has the meaning given in s. 115.999 (2m) (a).

2. "Village board" means the village board of a village located in an eligible unified school district.

(b) If a village board adopts a resolution under s. 115.999 (2m) (c) affirming the village board's intent to create a new school district or a resolution to provide a referendum under s. 115.999 (2m) (d), the village board shall submit the resolution to the board.

(c) 1. Upon receipt of a resolution under par. (b), the board shall hold a public hearing on the proposed reorganization. After the hearing and after consulting with the school board of the eligible unified school district and the village boards of the villages located within the proposed school district, the board shall determine the apportionment of assets and liabilities between the eligible unified school district and the proposed school district according to the criteria under s. 66.0235 (2c).

2. By no later than 180 days after the village board receives notice under s. 115.28 (10o) (d), the board shall issue an order that includes the territory of the new school district, as described in the resolution adopted by the village board, and the apportionment of assets and liabilities as determined under subd. 1.

(d) A binding referendum on a proposed reorganization ordered by the board under par. (c) 2. shall be held in the territory of the school district proposed to be created by the reorganization.

(e) 1. If a majority of the votes cast in the referendum held under par. (d) is in favor of the creation of the proposed school district, no later than 60 days after the referendum is held, the village boards of the villages included in the proposed school district shall adopt a resolution to designate all of the following for the proposed school district:

a. The number of school board members under s. 120.01 or 120.41.

b. The terms of initial members of the school board under s. 120.02 (3) (a).

c. The method of election of school board members under s. 120.06 or 120.42.

2. A village that adopts a resolution under subd. 1. shall submit the resolution to the eligible unified school district.

3. If a majority of the votes cast in the referendum held under par. (d) is in favor of the creation of the proposed school district, after receiving a resolution under subd. 2., the school board of the eligible unified school district shall make and file an order of school district reorganization under s. 117.17 (2). In the order, the school board shall designate that the first election of school board members of the newly created school district shall occur at the regularly scheduled spring election immediately following the date on which the order is filed with the board. The reorganization shall take effect on the July 1 described in the resolution adopted by the village board under s. 115.999 (2m) (c).

(f) Subsections (1) to (4) and ss. 117.14 and 117.15 do not apply to a reorganization under this subsection.

(5) **APPLICABILITY.** This section does not apply to a reorganization that would result in the creation of a school district that has the same boundaries that an existing school district would have if territory were detached from one or more other school districts and attached to the existing school district under s. 117.12, 117.13 or 117.132 unless the existing school district operates only elementary grades.

(6) **LIMITATION ON FURTHER REORGANIZATION.** No school district created by a reorganization under this section may consolidate with another school district under s. 117.08 or 117.09, or have all of its territory attached to another school district under s. 117.10, 117.11 or 117.132, within 10 years after the effective date of the reorganization under this section. This subsection does not apply if the school district was created by detaching territory from a single school district, and the consolidation under s. 117.08 or 117.09 or the attachment under s. 117.10, 117.11 or 117.132 will consolidate the school district with, or reattach its territory to, the school district from which its territory was detached by the reorganization which created the school district.

#### 117.11 Detachment and attachment of large territory.

(1) **APPLICATION.** This section applies to the detachment of territory from one school district and its attachment to an adjoining school district if one of the following applies:

(a) The assessed value of the territory proposed to be detached from one school district and attached to an adjoining school district, divided by the assessment ratio of the taxation district, is equal to or greater than 7 percent of the equalized valuation of the school district from which the territory is proposed to be detached.

(b) Seven percent or more of the enrollment of the school district from which the territory is proposed to be detached resides in the territory proposed to be detached from that school district.

(2) **INITIATION OF PROCEDURES.** A majority of the electors residing in territory proposed to be detached from one school district and attached to an adjoining school district, or owners of more than 50 percent of the territory proposed to be detached from one school district and attached to an adjoining school district, as measured by its assessed valuation divided by the assessment ratio of the taxation district, may file a written petition with the clerk of the school district in which the territory is located requesting the detachment of the territory from that school district and its attachment to an adjoining school district. The petition shall include a description of the territory sufficiently accurate to determine its location in the school district in which it is located, as certified by the clerk of each city, town or village within which all or part of the territory is located, and the number of pupils residing in that territory who, on the most recent of the preceding 3rd Friday of September or 2nd Friday of January, were enrolled in the school district from which the territory is proposed to be detached, as certified by the clerk of that school district. Upon receipt of the petition, the school district clerk shall send a certified notice of the petition to the school board of the school district to which the territory is proposed to be attached and to the secretary of the board.

(3) **SCHOOL BOARD ACTION.** In the first July beginning after receipt of a petition under sub. (2), the school boards of the affected school districts may order the territory detached from the school district in which it is located and attached to the adjoining school district by the adoption, by each of those school boards, of a resolution ordering the detachment and attachment. Failure of a school board to adopt a resolution either ordering or denying the detachment and attachment before August 1 constitutes a denial of the reorganization by that school board. The school district clerk of each school board that adopts a resolution ordering or denying the reorganization under this subsection shall, within 5 days after the adoption of the resolution, send a certified copy of the resolution to the school board of the other affected school district and file a certified copy of the resolution as provided under s. 117.17 (2). If the school board of each affected school district adopts a resolution ordering the detachment and attachment, the reorganization shall take effect on the July 1 following the adoption of the resolutions, unless a referendum is required under sub. (4).

(4) **REFERENDUM.** (a) A referendum on the proposed reorganization shall be held if one of the following occurs before the 2nd Tuesday of September following the adoption of a resolution under sub. (3):

1. The school board of either affected school district directs the holding of a referendum.

2. A petition conforming to the requirements of s. 8.40 requesting a referendum, signed by at least 10 percent of the electors who reside in either affected school district, is filed with the clerk of the school district from which the territory is proposed to be detached. The validity of the petition shall be governed by the rules promulgated under s. 8.40 (3).

(b) If a referendum is directed or a petition requesting a referendum is filed under par. (a), the school district clerk of the school board adopting the resolution or the school district clerk receiving the petition shall immediately notify the school board of the other affected school district, the secretary of the board and the clerk of each city, village or town, any part of which is contained within an affected school district. The referendum shall be held in the affected school districts as provided under s. 117.20. Votes shall be counted separately for each affected school district.

(5) **REFERENDUM RESULTS.** If a majority of the votes cast in each affected school district is in favor of the reorganization, the reorganization shall take effect on the following July 1. At the time of canvassing the returns, the school boards of the affected school districts shall make and file an order of school district reorganization under s. 117.17 (2).

**History:** 1989 a. 114, 192.

**117.12 Detachment and attachment of small territory initiated by owner.** (1) **APPLICATION.** This section applies to the detachment of territory from one school district and its attachment to an adjoining school district if all of the following apply:

(a) The assessed value of the territory proposed to be detached from one school district and attached to an adjoining school district, divided by the assessment ratio of the taxation district, is less than 7 percent of the equalized valuation of the school district from which it is proposed to be detached.

(b) Less than 7 percent of the enrollment of the school district from which the territory is proposed to be detached resides in the territory proposed to be detached from that school district.

(2) **PETITION.** A majority of the electors residing in the territory described under sub. (1) or owners of 50 percent or more of that territory may file a written petition with the clerk of the school district in which the territory is located requesting the detachment of the territory from that school district and its attachment to an adjoining school district. The petition shall include a description of the territory sufficiently accurate to determine its location in the school district in which it is located, as certified by the clerk of each city, town or village within which all or part of the territory is located, and the number of pupils residing in that territory who, on the most recent of the preceding 3rd Friday of September or 2nd Friday of January, were enrolled in the school district from which the territory is proposed to be detached, as certified by the clerk of that school district. Upon receipt of the petition, the school district clerk shall send a certified copy of the petition to the school board of the school district to which the territory is proposed to be attached and to the secretary of the board.

(3) **SCHOOL BOARD ACTION.** In the first February beginning after receipt of a petition under sub. (2), the school boards of the affected school districts may order the territory detached from the school district in which it is located and attached to the adjoining school district by the adoption, by each of those school boards, of a resolution ordering the reorganization. Before adopting a resolution under this subsection that grants or denies the reorganization, each school board shall give the electors and owners who signed the petition under sub. (2) an opportunity to meet with the school board to present their reasons for the proposed reorganization. Failure of a school board to adopt a resolution before March 1 either ordering or denying the reorganization constitutes a denial of the reorganization by the school board. The school district clerk of each school board adopting a resolution under this subsection that orders or denies a reorganization shall, within 5 days after the adoption of the resolution, send a certified copy of the resolution to the school board of the other affected school district and file a certified copy of the resolution as provided under s. 117.17 (2). If the school board of each affected school district adopts a resolution ordering the detachment and attachment, the reorganization shall take effect on the following July 1.

(4) **APPEAL TO PANEL.** If the detachment and attachment of territory is denied by either school board under sub. (3), a majority of the electors residing in the territory or the owners of 50 percent or more of the territory may appeal the denial to an appeal panel by filing notice of appeal with the secretary of the board before the March 15 following the denial. The secretary of the board shall send a copy of the notice of appeal to the school board of each affected school district. Except as provided under sub. (5), the appeal panel shall issue an order either affirming the school board's denial of the proposed reorganization or ordering all or any part of the territory described in the petition under sub. (2) detached from the school district in which it is located and

attached to the adjoining school district. The order shall be issued before the June 15 following the filing of the notice of appeal. The order shall be in writing, shall include a statement of reasons for the order and shall be filed as provided under s. 117.17 (2). If the appeal panel orders territory detached from one school district and attached to an adjoining school district, the reorganization shall take effect on the following July 1.

(5) **BOARD REVIEW.** (a) If more than one appeal to detach territory from a single school district is filed under sub. (4) before March 15 and any of the following applies, the board shall review all of those appeals:

1. The total assessed valuation of the territory proposed to be detached under the appeals, divided by the assessment ratio of the taxation district, is equal to or greater than 7 percent of the equalized valuation of the school district from which the territory is proposed to be detached.

2. The total number of pupils residing in the territory proposed to be detached under the appeals who, on the most recent of the preceding 3rd Friday of September or 2nd Friday of January, were enrolled in the school district from which the territory is proposed to be detached is equal to or greater than 7 percent of that school district's enrollment.

(am) In addition to reviewing appeals described under par. (a), the board shall review an appeal if any of the following applies:

1. The assessed valuation of the territory proposed to be detached under the appeal, divided by the assessment ratio of the taxation district, when added to the total assessed valuation of all territory detached from that school district in the 2 years preceding the date on which the petition was filed under sub. (2), divided by the appropriate assessment ratios, is equal to or greater than 2 percent of the school district's equalized valuation.

2. The number of pupils residing in the territory proposed to be detached under the appeal who are included in the enrollment of the school district from which the territory is proposed to be detached, when added to the number of pupils who resided in territory detached from that school district, and were included in previous enrollments of that school district, in the 2 years preceding the date on which the petition was filed under sub. (2), constitute 2 percent or more of the school district's enrollment.

(b) The secretary of the board shall notify the school board of each affected school district and each owner or elector who signed the notice of appeal under sub. (4) that the appeal or appeals will be reviewed by the board under this subsection rather than by an appeal panel under sub. (4). The board shall issue an order either affirming the school boards' denial of all or any of the proposed reorganizations under par. (a) or the proposed reorganization under par. (am) or ordering all or any part of the territory described in all or any of the petitions under sub. (2) or included in the appeal filed under par. (am) detached from the school district in which it is located and attached to an adjoining school district. In addition to the criteria under s. 117.15, in making its decision the board also shall consider the effect that the proposed detachments under par. (a), taken as a whole, will have on the school district from which the territory is proposed to be detached, or the cumulative effect on that school district of the proposed detachment under par. (am). The board's order shall be issued before the June 15 following the filing of the notice of appeal. The order shall be in writing, shall include a statement of reasons for the order and shall be filed as provided under s. 117.17 (2). If the board orders territory detached from one school district and attached to an adjoining school district, the reorganization shall take effect on the following July 1.

**History:** 1989 a. 114, 287.

Sub. (1) allows the detachment of "island" parcels from school districts that adjoin. A detached parcel need not adjoin the school district to which it is attached. *Stockbridge School Dist. v. DPI*, 202 Wis. 2d 214, 550 N.W.2d 96 (1996), 94–1867.

**117.13 Detachment and attachment of small territory initiated by school boards.** (1) **APPLICATION.** This section applies to the detachment of territory from one school district and

its attachment to an adjoining school district if all of the following apply:

(a) The assessed value of the territory proposed to be detached from one school district and attached to an adjoining school district, divided by the assessment ratio of the taxation district, is less than 7 percent of the equalized valuation of the school district from which the territory is proposed to be detached.

(b) Less than 7 percent of the enrollment of the school district from which the territory is proposed to be detached resides in the territory proposed to be detached from that school district.

**(2) SCHOOL BOARD ACTION.** The school boards of 2 adjoining school districts may order territory detached from one of the school districts and attached to the other school district by the adoption, by each of the school boards, of a resolution ordering the detachment and attachment. The resolution shall include a description of the territory sufficiently accurate to determine its location in the school district in which it is located, as certified by the clerk of each city, village or town within which all or any part of the territory is located, and the number of pupils residing in that territory who, on the most recent of the preceding 3rd Friday of September or 2nd Friday of January, were enrolled in the school district from which the territory is proposed to be detached, as certified by the clerk of that school district. Prior to adopting a resolution under this subsection, the school board of each affected school district shall give the electors residing in and the owners of the territory notice of the proposed reorganization and an opportunity to meet with the school board to present reasons for or against the proposed reorganization. The school district clerk of each school board that adopts a resolution under this subsection shall, within 5 days after adopting the resolution, send a certified copy of the resolution to the school board of the other affected school district and file a certified copy of the resolution as provided under s. 117.17 (2). If the school board of each of the affected school districts adopts a resolution ordering the detachment and attachment, the reorganization shall take effect on the first July 1 after the March 1 following the adoption of the resolutions, unless an appeal is filed under sub. (3).

**(3) APPEAL TO PANEL.** A majority of the electors residing in or the owners of 50 percent or more of the territory detached from one school district and attached to an adjoining school district under sub. (2) may appeal the reorganization to an appeal panel by filing notice of appeal with the secretary of the board before the first March 15 following the adoption of the resolution under sub. (2). The secretary of the board shall send a copy of the notice of appeal to the school board of each affected school district. If an appeal is filed under this subsection, the appeal panel shall issue an order detaching all or any part of the territory described in the resolution adopted under sub. (2) from the school district in which it is located and attaching it to the adjoining school district, or denying the reorganization. The order shall be issued before the June 15 following the filing of the notice of appeal. The order shall be in writing, shall include a statement of reasons for the order and shall be filed as provided under s. 117.17 (2). If the appeal panel affirms the school boards' order, the reorganization shall take effect on the following July 1.

### 117.132 Territory annexed to certain municipalities.

**(1) APPLICATION.** This section applies to the proposed attachment to a school district of territory that is located wholly in a county with a population of more than 325,000 and less than 750,000.

**(1m) DEFINITIONS.** In this section:

(a) “Annexed” means annexed or attached under s. 66.0217, 66.0219, 66.0221, 66.0223, 66.0225, 66.0227, 66.0301 (6), or 66.0307.

(b) “Less than 50 percent of the land in the annexed territory is developed” means that on the date of annexation, less than 50 percent of the land in the annexed territory, as measured by geographic area, is occupied by permanent improvements, including

buildings, streets, sidewalks, parking lots, driveways, sewers or utilities, or is incidental to such improvements.

(c) “Municipality” means any city or village any portion of which is located in a county that has a population of more than 325,000 and less than 750,000.

(d) “Municipal school district” means a school district whose territory includes more than 50 percent of the territory of a municipality, as measured by geographic area.

**(2) INITIATION OF PROCEDURES.** (a) If territory is annexed to a municipality, the territory is not included in the municipal school district and less than 50 percent of the land in the annexed territory is developed, the school board of the municipal school district may adopt a resolution requesting the school board of the school district in which the annexed territory is located to meet with it to discuss the detachment of the annexed territory from the school district in which it is located and its attachment to the municipal school district. The resolution shall include a description of the territory sufficiently accurate to determine its location in the school district in which it is located, as certified by the clerk of the annexing municipality. The clerk of the municipal school district shall send a certified copy of the resolution to the school board of the school district in which the annexed territory is located, to all owners of territory located in the annexed territory and to the secretary of the board.

(b) If territory is annexed to a municipality and the territory is not included in the municipal school district, the owners of more than 50 percent of the annexed territory, as measured by its assessed valuation divided by the assessment ratio of the taxation district, may file a written petition with the clerk of the school district in which the territory is located requesting the detachment of the annexed territory from the school district in which it is located and its attachment to the municipal school district. **(3) SCHOOL BOARD ACTION.** In the first July beginning after the adoption of a resolution under sub. (2) (a) or the receipt of a petition under sub. (2) (b), the school boards of the affected school districts may order the territory detached from the school district in which it is located and attached to the municipal school district by the adoption, by each of the school boards, of a resolution ordering the detachment and attachment. Failure of a school board to adopt a resolution before August 1 either ordering or denying the detachment and attachment constitutes a denial of the reorganization by that school board. The school district clerk of each school board adopting a resolution under this subsection that orders or denies the reorganization shall, within 5 days after adopting the resolution, send a certified copy of the resolution to the school board of the other affected school district and to each of the owners of territory in the annexed territory and file a certified copy of the resolution as provided under s. 117.17 (2). 1. Less than 50 percent of the land in the annexed territory is developed, one of the school boards under sub. (3) adopts a resolution ordering the reorganization, the other school board denies the reorganization and, before the following September 1, either of the school boards files a petition with the secretary of the board requesting board review of the proposed reorganization.

2. Before the September 1 following the granting or denying of the proposed reorganization under sub. (3), the owners of more than 50 percent of the annexed territory, as measured by its

(a) 1., the secretary of the board shall immediately notify the school board of the other affected school district and each of the owners of territory in the annexed territory. If a petition requesting review is filed under par. (a) 2., the secretary of the board shall immediately notify the school board of each affected school district. Before the following January 15, the board shall issue an order either affirming the denial of the proposed reorganization or detaching all or part of the annexed territory described in the resolution or petition under sub. (2) from the school district in which it is located and attaching it to the municipal school district. The board's order shall be in writing, shall include a statement of reasons for the order and shall be filed as provided under s. 117.17 (2). If the board orders territory detached from the school district in which it is located and attached to the municipal school district, the reorganization shall take effect on the following July 1.

**117.14 Appeal to court.** (1) Any person aggrieved by the denial of a consolidation under s. 117.08 (2) or 117.09 (2), the granting of a detachment and attachment of territory under s. 117.11 (3) or any order of the board or an appeal panel under this chapter may, within 30 days after copies of the order are filed with the secretary of the board under s. 117.17 (2), appeal the order to a circuit court as follows:

(a) If the order is issued under ss. 117.08, 117.09 or 117.10, the appeal shall be filed with the circuit court of any county in which any territory of any affected school district is located.

(b) If the order is issued under ss. 117.105 to 117.132, the appeal shall be filed with the circuit court of any county in which any of the territory proposed to be detached from one school district and attached to, or included in, another school district is located or with the circuit court of any county in which any territory of the school district to which the territory is proposed to be attached, or the school district that is proposed to be created, is located.

(1m) Any person aggrieved by an order resolving a boundary dispute under s. 117.35 (3) may, within 30 days after copies of the order are filed with the secretary of the board under s. 117.17 (2), appeal the order to circuit court. The appeal shall be filed with the circuit court of any county in which any portion of the disputed territory is located.

(2) A person appealing under this section shall serve a written notice of appeal stating specifically the grounds upon which the appeal is based on the secretary of the board and file the notice with the clerk of the circuit court.

**History:** 1989 a. 114, 287; 1997 a. 286; 1999 a. 18.

**117.15 Criteria for school district reorganizations.** In making any decision under ss. 117.08 to 117.132, a school board, the board and an appeal panel shall consider the following factors as they affect the educational welfare of all of the children residing in all of the affected school districts, and may consider other appropriate factors:

(1) The geographical and topographical characteristics of the affected school districts, including the estimated travel time to and from school for pupils in the school districts.

(2) The educational needs of all of the children residing in the affected school districts, the educational programs currently offered by each affected school district and the ability and commitment of each school district to meet those needs and continue to offer those educational programs.

(2m) If territory is proposed to be detached from one school district and attached to an adjoining school district or proposed to be included in a new school district under s. 117.105, whether the proposed detachment will have any adverse effect on the program currently offered by the school district from which the territory is

proposed to be detached, including both curricular and extracurricular aspects of that program.

(3) The testimony of and written statements filed by the residents of the affected school districts.

(4) The estimated fiscal effect of the proposed reorganization on the affected school districts, including the effect of the apportionment of assets and liabilities.

(5) Whether the proposed reorganization will make any part of a school district's territory noncontiguous.

(6) The socioeconomic level and racial composition of the pupils who reside or will reside in territory proposed to be detached from one school district and attached to an adjoining school district, in territory proposed to be included in a new school district under s. 117.105 or in school districts proposed to be consolidated or in a school district proposed to be dissolved; the proportion of the pupils who reside in such territory who are children at risk, as defined under s. 118.153 (1) (a); and the effect that the pupils described in this paragraph will have on the present and future socioeconomic level and racial composition of the affected school districts and on the proportion of the affected school districts' enrollments that will be children at risk.

(7) The results of any referendum held under s. 117.10.

**History:** 1989 a. 114, 287; 1997 a. 286.

On review of a decision under this section, the only issues to be considered are whether the reorganization authority acted within its jurisdiction and whether the determination was arbitrary and capricious. While an authority is bound to consider all the factors enumerated in this section, it may consider information from other sources, including matters within its knowledge and expertise. *School District of Waukesha v. School District Boundary Appeal Board*, 201 Wis. 2d 109, 548 N.W.2d 122 (Ct. App. 1996), 95–0905.

(b) The joint interim school board under par. (a) constitutes the school board of the new school district beginning on the following date:

1. Any action by the joint interim school board requires an affirmative vote of a majority of a quorum of the joint interim board.

(2) **SCHOOL BOARD ELECTIONS.** (a) In this subsection, “school district clerk” means:

1. The clerk of the affected school district that has the highest equalized valuation, if an order of reorganization is issued under s. 117.08 or 117.105.

2. The clerk of the affected union high school district, if an order of reorganization is issued under s. 117.09.

(b) An order of school district reorganization issued under s. 117.08 or 117.09 shall designate the date of the first election of school board members, which shall be not later than 4 months after the effective date of the order, except as provided under par. (cm).

(bm) If an order of reorganization is issued under s. 117.105, the first election of school board members shall be held at the spring election following the referendum under s. 117.105 (3) or (4m).

(3) **INELIGIBILITY.** Any person elected to a school board in an election under sub. (2) (bm) who is also a member of the school board of an affected school district is not eligible to serve as a member of the school board for the school district created by the reorganization unless the person resigns as a member of the school board of the affected school district prior to receiving the official oath of office under sub. (2) (d).

(a) The school districts that were consolidated cease to exist.  
(b) Title to all property and the assets of the school districts under par. (a) become vested in the new consolidated school district.

(c) Claims, obligations and contracts of the school districts under par. (a) become claims, obligations and contracts of the new consolidated school district.

(d) 1. Employees of the school districts under par. (a) become employees of the new consolidated school district.

2. The new consolidated school district assumes the rights and obligations of the school districts under par. (a), under the provisions of any collective bargaining agreement that applies to these employees.

3. The collective bargaining agreement remains in effect until the expiration date of the agreement or until a new collective bargaining agreement between the school district and representatives of these employees is effective, whichever occurs first.

(1m) **CONSOLIDATIONS; AGREEMENTS TO CONTINUE PROGRAMS OR FACILITIES.** (a) A written agreement between the school boards of 2 or more school districts that are considering consolidating under s. 117.08 or 117.09 to continue operating a program or facility at a specific location for a specified period after consolidation, not to exceed 5 years, shall be binding upon the joint interim school board of the new school district under s. 117.22 and any subsequently elected school board of the new school district. The school district clerk of the school district with the largest equalized valuation shall file a copy of the agreement with the state superintendent.

(b) Ten or more electors of the new school district may jointly petition the circuit court of the county in which any portion of the new school district is located to enforce an agreement under par. (a).

(2) **DETACHMENT AND ATTACHMENT OF TERRITORY.** When territory is detached from one school district and attached to an adjoining school district under ss. 117.11 to 117.132, all of the following apply:

(a) Assets and liabilities are assigned to the school districts under s. 66.0235 on the effective date of the reorganization.

(b) 1. Any employee of the school district from which territory is detached who is laid off as a result of the reorganization has priority over other persons, except employees of the school district to which the territory is attached and former employees of that school district who were laid off from that school district, for 3 years after the effective date of the reorganization for new positions and vacant positions for which he or she is qualified in the school district to which the territory is attached.

2. Any person who wishes to exercise his or her priority under subd. 1. shall notify the school district to which the territory is

attached, in writing, that he or she wishes to be considered for any new position or vacant position and shall include in the notice the address to be used by the school district to notify the person of such positions.

(3) **DISSOLUTIONS.** If the board affirms the school board's dissolution order under s. 117.10 (4), the board's order shall specify that either sub. (1) (d) 1. or (2) (b) applies to employees of the dissolved school district and shall identify the other school district or school districts that shall be treated as the new consolidated school district or school district to which territory is attached for the purposes of sub. (1) (d) 1. or (2) (b). If the board's order identifies more than one such school district, it shall also identify which of the employees of the dissolved school district become employees of which of the identified school districts under sub. (1) (d) 1., or have priority for employment in which of the identified school districts under sub. (2) (b).

(4) **CREATIONS.** When a school district is created under s. 117.105, all of the following apply:

(a) Any employee of a school district from which territory is detached by the reorganization who is laid off as a result of the reorganization has priority over other persons for 3 years after the effective date of the reorganization for new positions and vacant positions for which he or she is qualified in the school district that is created by the reorganization.

(b) Any person who wishes to exercise his or her priority under par. (a) shall notify the school district that is created by the reorganization, in writing, that he or she wishes to be considered for any new position or vacant position and shall include in the notice the address to be used by the school district to notify the person of such positions.

**History:** 1989 a. 114, 287; 1995 a. 27 s. 9145 (1); 1997 a. 27, 286; 1999 a. 150 s. 672.

The relief afforded in sub. (2) (b) applies to teachers laid off after May 8, 1990 as the result of reorganization, regardless of the authority under which the reorganization was initiated. Laid off teachers may maintain a private action for damages for a violation of sub. (2) (b), as that provision creates a right to hiring priority, but not a remedy. *Anderson v. School District of Ashland*, 181 Wis. 2d 502, 510 N.W.2d 822 (Ct. App. 1993).

**117.27 Change of district type.** (1) A common or union high school district may be changed into a unified school district, a unified school district operating only high school grades may be changed into a union high school district, and a unified school district operating only elementary grades or both elementary and high school grades may be changed into a common school district, if at least 30 days prior to the spring election a petition conforming to the requirements of s. 8.40 requesting the change is filed with the school district clerk signed by at least 10 percent of the electors residing in the school district. The validity of the petition shall be governed by the rules promulgated under s. 8.40 (3).

(2) (a) The petition shall state that the school board of the predecessor school district shall become the first school board of the successor school district. Upon receipt of the petition, the school district clerk shall publish a class 1 notice, under ch. 985, of the filing of the petition. The notice shall include the date, time and place at which the school board shall hold a public hearing on the proposed change. The public hearing shall be held at least 7 days prior to the date of the spring election.

(b) The school district clerk shall include in the notice of the spring election a statement that the election ballot will include a question on the change requested by the petition. The form of the ballot shall correspond to the form prescribed by the elections commission under ss. 5.64 (2) and 7.08 (1) (a) and the question on the ballot shall be:

“Shall the .... (name of school district) be a .... (type of school district structure set forth in the petition)?

Yes .... No ....”

(3) If a majority of the electors voting at the spring election vote in favor of the change, the school board shall issue an order of school district reorganization effective on the July 1 following

the spring election. A certified copy of the order shall be filed as provided under s. 117.17 (2).

(4) When the type of school district is changed, all property, assets, claims, contracts, liabilities and obligations of the predecessor school district become the property, assets, claims, contracts, liabilities and obligations of the successor school district.

**History:** 1983 a. 27; 1985 a. 218; 1985 a. 225 ss. 57, 82; 1985 a. 332; 1989 a. 114 s. 11; Stats. 1989 s. 117.27; 1989 a. 192; 2007 a. 1; 2015 a. 118.

A nonbinding resolution declaring an intent to purchase real estate in the future does not create an “obligation” under sub. (4). *Perritt Limited Partnership v. Kenosha Unified School District #1*, 153 F.3d 489 (1998).

### 117.30 Attachment upon failure to operate school.

(1) (a) Except as provided under pars. (b) to (d), if a school district for 2 or more successive years has failed to operate sufficient classes at each grade level to provide all pupils who reside in the school district an opportunity to attend class at the appropriate grade level, the board shall attach the territory of the school district to one or more school districts that do so. Within 60 days of the date on which a school district becomes subject to this section, the state superintendent shall so notify the school district clerk and the clerk of each municipality in which part of the school district lies. Prior to August 30 of the year in which the school district becomes subject to this section, the board shall issue an order of school district reorganization attaching the school district to one or more operating school districts. Orders issued under this section take effect upon being filed as provided in s. 117.17 (2). The school board of each district to which any territory is attached under this section shall levy and collect a special tax against the property in the territory so attached for such amount as is payable for tuition and transportation, at the time of the attachment, by the school district in which the attached territory was located prior thereto, in the proportion that the equalized valuation of the attached territory bears to the total equalized valuation of the school district in which such territory was located prior to such attachment.

(b) Before the end of the first school year beginning after the effective date of a reorganization under s. 117.105, the school board of the school district created by the reorganization may request the department to extend the 2-year time period under par. (a) by one year. The department may grant the extension, and may renew the extension for additional one-year periods, if the department determines that the school board has adequate plans and is making adequate progress toward operating sufficient classes at each grade level to provide all pupils who reside in the school district an opportunity to attend class at the appropriate grade level.

(c) If a school district created under s. 117.105 fails to operate sufficient classes at each grade level to provide all pupils who reside in the school district an opportunity to attend class at the appropriate grade level before the end of the first school year beginning after the effective date of the reorganization under s. 117.105, plus the period of any extension granted under par. (b), the board's order under par. (a) shall reattach the territory of the school district to each of the school districts from which the territory was detached by the reorganization under s. 117.105, unless the school district from which the territory was detached is no longer an operating school district.

(d) Paragraph (a) does not apply if the school district fails to operate one or more grades but provides for their operation by another school district pursuant to a whole grade sharing agreement under s. 118.50.

(3) If an order issued under this section is voided, the nonoperating school district shall arrange for the attendance of its pupils at the schools of one or more other school districts on a nonresident tuition basis, and shall provide transportation to and from such schools by the methods provided in s. 121.55 for all of its pupils who reside 2 miles or more from the school they attend. Until a valid order has been issued, the nonoperating school district may use such funds on hand as have been raised or appropriated for operation and maintenance or levy taxes to pay for such tuition and transportation. If an order is voided, the board shall

issue new orders of school district reorganization within the succeeding year.

### 117.35 School district boundary disputes. (1) SCHOOL BOARD ACTION.

(a) If there is a boundary dispute, the school boards of the interested school districts may resolve the dispute by the adoption, by each of the school boards, of a resolution resolving the dispute. Before adopting such a resolution, the school boards jointly shall notify the electors residing in and owners of real property located in the disputed territory by certified mail. The notice shall include a description of the territory, as certified by the clerk of each city, town or village within which all or any part of the territory is located, shall indicate that the school boards are considering resolving the boundary dispute and shall specify the time and place of the school board meeting at which the boundary dispute will be discussed.

(b) Each of the resolutions adopted under par. (a) shall include a legal description of the territory in dispute and a legal description of that portion of the disputed territory that is to be included in each interested school district. The school district clerk of each school board that adopts a resolution under this subsection shall, within 5 days after adopting the resolution, send a certified copy of the resolution to the school board of each of the other interested school districts, file a certified copy of the resolution as provided in s. 117.17 (2) and notify the electors residing in and owners of real property located in the disputed territory. If the school board of each of the interested school districts adopts a resolution under this subsection, the resolution of the dispute shall take effect on the first July 1 after the March 1 following the adoption of the resolutions.

(2) REQUEST FOR RESOLUTION. (a) If there is a boundary dispute, the school board of any interested school district may submit a written request to the board for the resolution of the boundary dispute. The request shall state the particulars of the boundary dispute, including a legal description of the territory involved and the names of all interested school districts. The school board making the request shall send a copy of the request by 1st class mail to each interested school district at the time that the request is submitted to the board.

(b) Upon receipt of a request under par. (a), the board shall determine or request the school boards of the interested school districts to provide all of the following:

1. A description of the territory in dispute, as certified by the clerk of each city, town or village within which all or any part of the territory is located.

2. The number of pupils residing in the disputed territory who, on the most recent of the preceding 3rd Friday of September or 2nd Friday of January, were enrolled in each interested school district.

(3) ORDER. (a) Unless the school boards of the interested school districts have resolved the boundary dispute under sub. (1), within 60 days after receipt of a request under sub. (2) (a) the board shall issue an order resolving the boundary dispute. The board shall send a certified copy of the order to the school board of each interested school district and shall file a certified copy of the resolution as provided in s. 117.17 (2). The order shall take effect on the following July 1 unless the board stays the effective date of the order until the 2nd following July 1.

(b) In making a decision under par. (a), the board shall consider and give the greatest weight to decisions made previously by the board or any predecessor body. The board shall also consider the criteria specified in s. 117.15 and other evidence, including applicable property tax records.

(c) If the order under par. (a) takes effect on the following July 1, the board may specify in the order that pupils residing in the disputed territory may continue to attend school in the school district that they are attending before the order takes effect until the July 1 following the effective date of the order. The board shall

base its decision on the estimated fiscal and other effects of the decision on the interested school districts.

**(4)** LIMITATION ON COURT ACTION. If there is a boundary dispute, the school board of any interested school district may not commence court action regarding that dispute until an order issued under sub. (3) is filed with the secretary of the board under s. [117.17 \(2\)](#).

I recommend that Ms. Heitz serves as the secretary for this hearing. I will entertain a motion to this effect. Is there a second?

### 3. INTRODUCTION OF BOARD OF EDUCATION MEMBERS PRESENT

Let the record indicate those members present.

### 4. Unless there is an objection from the floor, the Notice of Hearing will not be read by the Clerk. Seeing no objection, I will move to the statutory criteria.

### 5. STATUTORY BASIS FOR MAKING A DECISION

The School Board shall consider and weigh the following factors as they affect the educational welfare of all the children of the school district affected by the proposed detachment pursuant to Wisconsin Statute section 117.15, and may consider other appropriate factors;

- A. The geographical and topographical characteristics of the affected school district, including the estimated travel time to and from school for pupils in the school district;s
- B. The educational needs of all children residing in the affected school districts, the educational programs currently offered by each affected school district and the ability and commitment of each school district to meet those needs and continue to offer those educational programs;
- C. If the territory is proposed to be detached from one school district and attached to the adjoining school district, whether the proposed detachment will have any adverse effect on the programs currently offered by the school district from which the territory is proposed to be detached, including both curricular and extracurricular aspects of that program;
- D. The testimony of the written statements filed by the residents of the affected school

districts;

- E. The estimated fiscal effect of the proposed reorganization of the affected school districts, including the effect of the apportionment of assets and liabilities;
- F. Whether the proposed reorganization will make any part of the school district's territory noncontiguous;
- G. The socioeconomic level and racial composition of the pupils who reside or will reside in territory proposed to be detached from one school district and attached to an adjoining school district, in territory proposed to be included in a new school district under s. 117.105 or in school districts proposed to be consolidated or in a school district proposed to be dissolved; the proportion of the pupils who reside in such territory who are children at risk, as defined under s. 118.153 (1) (a); and the effect that the pupils described in this paragraph will have on the present and future socioeconomic level and racial composition of the affected school districts and on the proportion of the affected school districts' enrollments that will be children at risk.

## **History**

This is the third time that a number of properties from this neighborhood have asked to be detached from the Oregon School District.

- In 2010 eleven of the properties in the neighborhood requested detach from the Oregon School District and attach to the McFarland School District. The petition was denied by the Oregon School District and approved by McFarland School District. The petition was appealed to the School District Boundary Appeals Board and denied since the properties were not all contiguous with the McFarland School District.
- In 2012 the petition was again filed and included over 50% of residents of the subdivision. The petition was denied by the Oregon School District and approved by the McFarland School District. The petition was again appealed to the School District Boundary Appeals Board. At that time, the Superintendents of the two districts came up with a creative way to resolve the situation to the benefit of the neighborhood. The two Boards of Education entered into what is called a 66.0301 Intergovernmental agreement that allowed the Oregon School District residents, at their request, to attend McFarland School District as tuition students. Oregon would pay tuition to McFarland at the open enrollment amount determined by the State of Wisconsin. A set transportation charge per student would also be assessed to the Oregon School District and paid to McFarland School District. This represented a win-win for the neighborhood, as students could attend school in either district without working through the open enrollment process at McFarland School District. (see attached letter from Superintendents and 66.0301 agreement).
- In November of 2021, the same organizers of the previous efforts again submitted a petition to the Oregon and McFarland School Districts for over 50% of the properties in the neighborhood.
- On January 11th, 2022 per the terms of the 2012 Intergovernmental Agreement mentioned above, the agreement renewed until 2032. Oregon School District residents will continue to be able to attend McFarland School District without going through the State of Wisconsin open enrollment process.
- On February 7, 2022 the McFarland School District voted on to accept the petition submitted in November of 2021.

May 30, 2012

We are collaboratively writing this letter to all residents in the Burmester Woods Subdivision located in the Oregon School District.

As you may be aware, there was a request filed in accordance with Wisconsin state law in February of 2012 to effect detachment/attachment of a property petition to the Oregon School District and McFarland School District. The school administrators from both districts have been meeting to search for a possible solution to this matter.

In the spirit of cooperation and collaboration, the school administrators reached a compromise proposal that has been unanimously approved by both school boards. This agreement would allow parents residing in the Burmester Woods to attend the Oregon School District as their district of residence and the McFarland School District via a tuition agreement. Attached is a copy of the tuition agreement that has been unanimously approved by the Board's of Education in Oregon and McFarland.

We believe this landmark agreement allows parents/Oregon residents to have their children attend the Oregon School District or the McFarland School District. This agreement is a win-win for all parents/students in the Burmester Woods subdivision and you have our commitment that we will do our best to educate your son/daughter based on your choice of public school district.

#### **Families/Students Wishing to Attend Oregon School District**

If your son/daughter is attending the Oregon School District you do not need to do anything to continue your son/daughters' attendance in Oregon.

Please contact Katie Heitz/Oregon Registrar 835-4033 at the Oregon School District if you have a question about your child's attendance.

#### **Families/Students Wishing to Attend – McFarland School District**

If you wish to have your son/daughter attend the McFarland School District, please contact Judy Catterall (838-4581) at the McFarland School District if you have a question about your child's attendance.

**Closing**

Please know that we both respect the choice you will make for your son/daughter and their public school attendance. We are always available to respond to any questions that you may have concerning the attached agreement or process to attend either the Oregon or McFarland School District.

Best wishes for a successful 2012-13 School Year!

## INTERGOVERNMENTAL COOPERATION AGREEMENT

This Intergovernmental Cooperation Agreement (this "Agreement") is entered into as of the 23 day of April, 2012 (the "Effective Date"), by and between the School District of McFarland, a common school district organized and existing under the Constitution and laws of the State of Wisconsin, ("MSD"), and Oregon Area School District, a common school district organized and existing under the Constitution and laws of the State of Wisconsin ("OASD"). MSD and OASD are each sometimes referred to herein as a "Party" and collectively as the "Parties."

### RECITALS

A. Under Wis. Stat. § 66.0301, municipalities, including school districts, may contract with other municipalities to receive or furnish services, or to jointly exercise any power or duty required or authorized by Applicable Laws (as defined in this Agreement), which provision is to be interpreted liberally in favor of cooperative action between such municipalities.

B. Wis. Stat. § 120.13(3) authorizes the governing boards of common and union high school districts to enter into an agreement under Wis. Stat. § 66.0301 "for the operation of any school program authorized by law."

C. Wis. Stat. § 121.77(1)(b) provides that, if facilities are adequate, a school board may admit nonresident pupils who meet its entrance requirements, that nonresident pupils shall have all of the rights and privileges of resident pupils and shall be subject to the same rules and regulations as resident pupils, and that the agency of service shall charge tuition for each nonresident pupil.

D. Wis. Stat. § 121.78(1)(a) provides (i) that the school board of the district of residence and the school board of the district of attendance may make a written agreement to permit an elementary or high school pupil to attend a public school outside the school district of residence, (ii) that the school district of residence shall pay the tuition incident to such attendance, and (iii) that the school district of residence shall be paid state aid as though the pupil were enrolled in the school district of residence.

E. Certain residents of the Burmester Woods Subdivision ("Burmester Woods"), a residential subdivision located in OASD, composed of approximately 52 homes, and more particularly described on that certain Burmester Woods Plat recorded in the Office of the Register of Deeds for Dane County, Wisconsin, on June 10, 1977, as Document Number 1521930 (a copy of which plat is attached as Exhibit A and is incorporated into this Agreement by reference), have expressed an interest in obtaining permission for children residing in Burmester Woods to attend the public schools located in MSD ("MSD Public Schools").

F. MSD and OASD recognize the potential educational benefits of permitting Eligible Pupils (as defined below) to attend MSD Public Schools, and so wish to set forth the terms under which MSD and OASD will cooperate in facilitating such attendance.

G. For purposes of this Agreement, the term "School Year" shall mean (i) July 1, 2012 through June 30, 2013, as well as (ii) every period of July 1-June 30 thereafter occurring during the term of this Agreement.

## AGREEMENT

Now, therefore, in consideration of the foregoing, the Parties agree as follows:

1. **Attendance of Eligible Pupils in MSD Public Schools.** MSD and OASD agree that Eligible Pupils may attend MSD Public Schools, and that OASD shall timely pay to MSD the tuition and all other costs, fees, and expenses for such Eligible Pupils, in accordance with and subject to the terms, covenants, and conditions of this Agreement and of Wis. Stat. § 121.78. For purposes of this Agreement, "**Eligible Pupils**" shall mean pupils legally residing in Burmester Woods and eligible for enrollment in OASD.

2. **Election by Burmester Woods Residents.** OASD shall be solely responsible for establishing the policies and procedures by which Burmester Woods residents may annually request permission for Eligible Pupils to attend MSD Public Schools under this Agreement, subject to the following:

a. All such elections shall be made in writing, and OASD shall deliver to MSD, on or before the first day of the School Year for which such election shall become effective, written notice of all Eligible Pupils who have made the pertinent election. The requisite written notice from OASD to MSD shall contain the following: (i) the name(s) of all Eligible Pupils who have elected to attend MSD during the pertinent School Year; (ii) the addresses, birth dates, and names and addresses of the parent(s) or legal guardians of such Eligible Pupils; (iii) a copy of any individualized education program developed under Wis. Stat. § 115.787(2) for each Eligible Pupil, if applicable; (iv) a copy of a signed and completed election form for each Eligible Pupil; and (v) such other information as MSD may reasonably require.

b. MSD may reject any Eligible Pupil if such Eligible Pupil does not meet any applicable entrance requirements of MSD, and, in its sole discretion, for any other reason that does not violate Applicable Laws. In addition, with respect to any Eligible Pupil requiring Additional Services (as defined below), MSD and OASD must reach agreement with respect to the costs, fees, and expenses for such Additional Services before such Eligible Pupil shall be accepted by MSD. Failure to reach such agreement on or before August 15 first following OASD's delivery of notice under Section 2(a) shall be deemed a rejection of such Eligible Pupil. MSD shall notify OASD of the rejection of any Eligible Pupils on or before August 15.

c. Once an election has been duly made for any Eligible Pupil to attend MSD Public Schools, and such Eligible Pupil actually commences attendance in MSD Public Schools, such election shall remain in full force and effect, such Eligible Pupil shall remain enrolled in MSD Public Schools, and OASD shall remain liable hereunder for the tuition and all other costs, fees, and expenses for such Eligible Pupil, until any one of the following shall occur: (i) the parent(s) or legal guardian of such Eligible Pupil shall terminate such election; (ii) the Eligible Pupil shall relocate legal

residence to any location other than Burmester Woods; (iii) the Eligible Pupil's attendance in MSD Public Schools shall be terminated by reason of expulsion, or for habitual truancy, or for any other reason that does not violate Applicable Laws; (iv) this Agreement shall be terminated in accordance with its terms; or (v) this Agreement becomes unenforceable or contrary to Applicable Laws.

d. Upon an Eligible Pupil's attendance in MSD terminating for any reason whatsoever, such Eligible Pupil may not thereafter elect to attend MSD Public Schools pursuant to the terms, covenants, and conditions of this Agreement, it being the intention of the Parties that election and enrollment in MSD pursuant to this Agreement may occur only one time with respect to any Eligible Pupil. MSD and OASD acknowledge and agree, however, that nothing contained in this Agreement shall prohibit any Eligible Pupil from seeking permission to attend MSD Public Schools pursuant to any other Applicable Laws, including, without limitation, under Wis. Stat. § 118.51.

3. **Payment of Tuition, Costs, Fees, and Expenses by OASD.** OASD shall pay annually to MSD the tuition, costs, fees, and expenses for each Eligible Pupil attending MSD Public Schools pursuant to this Agreement, and shall do so in accordance with the following:

a. For each Eligible Pupil not requiring any Additional Services (as defined below), OASD shall pay tuition to MSD in an amount equal to the total amount that would have been received by MSD under Wis. Stat. § 118.51(16) had such Eligible Pupil been enrolled in MSD pursuant to Wis. Stat. § 118.51.

b. For each Eligible Pupil requiring additional or special services of any kind or nature, including by way of example but not limited to, special education and ELL ("Additional Services"), OASD shall pay tuition to MSD in an amount equal to the total amount that would have been received by MSD under Wis. Stat. § 118.51(16), Wis. Stat. § 118.51(17), and Wis. Stat. § 118.52(12) had such Eligible Pupil been enrolled in MSD pursuant to Wis. Stat. § 118.51. In addition, OASD shall pay to MSD all costs, fees, and expenses related to the Additional Services in an amount determined in accordance with this Agreement, which amount shall be subject to revision annually. OASD and MSD shall use good faith efforts to mutually agree on the costs, fees, and expenses for Additional Services within fifteen (15) days after election submitted to MSD, and annually not later than July 15 of each School Year. If the Parties cannot agree on the costs, fees, and expenses for such Additional Services, the costs, fees, and expenses shall be determined in accordance with Paragraph 4 below.

c. For each Eligible Pupil transported during a School Year by a transportation service contracted by MSD, OASD shall pay to MSD the amount paid by MSD during that School Year under Wis. Stat. § 121.55(1)(b) ("Parent Contract Fee").

d. With respect to any School Year, all amounts required to be paid under this Agreement by OASD to MSD shall be paid in full to MSD not later than June 1 of that School Year.

4. **Dispute Resolution.** MSD and OASD acknowledge and agree that they shall endeavor to resolve any and all issues that may arise under this Agreement in good

faith and in a spirit of cooperation consistent with the intent of this Agreement. In the event they are not able to resolve any issue related to (a) costs, fees, and expenses for Additional Services or (b) the Parent Contract Fee, either Party shall have the right to present the matter to a committee of five members (the "**Joint Committee**"), consisting of two members appointed by MSD (the "**MSD Appointees**"), two members appointed by OASD (the "**OASD Appointees**"), and a fifth, independent member appointed by unanimous agreement of the MSD Appointees and the OASD Appointees. Either Party may submit an issue described in (a) or (b) above to the Joint Committee by providing written notice to the other Party describing the subject at issue and a proposed resolution. Within five (5) business days after delivery of such notice, both Parties shall notify each other of their respective Joint Committee appointees. Within five (5) business days thereafter, the Parties' appointees shall meet to appoint the fifth member of the Joint Committee. The full committee shall meet as soon as reasonably possible thereafter to consider and decide upon the issue identified in the notice. The decision of three or more members of the Joint Committee shall be binding upon MSD and OASD. The independent member of the Joint Committee shall serve as the chair of the Joint Committee. Except as otherwise agreed by the Joint Committee members, meetings and proceedings of the Joint Committee shall be conducted in accordance with Roberts Rules of Order. All meetings of the Joint Committee shall be subject to all Applicable Laws, including without limitation (to the extent applicable), open meetings and public records laws.

5. **Notice.** Any notices under this Agreement shall be in writing and shall be considered given upon delivery, if personally delivered with evidence thereof, or one (1) business day after deposit with a nationally-recognized commercial courier, or two (2) business days after deposit in the United States Postal Service, certified or registered mail, postage prepaid, in all cases addressed as follows:

If to MSD:	School District of McFarland 5101 Farwell Street McFarland, Wisconsin 53558-9216 Attn: District Administrator
------------	--

If to OASD:	Oregon Area School District 123 East Grove Street Oregon, Wisconsin 53575 Attn: District Administrator
-------------	---

6. **Term and Termination.**

a. The term of this Agreement (the "**Initial Term**") shall begin on the Effective Date and end on June, 30, 2022; provided however that this Agreement shall automatically be renewed for consecutive periods of ten (10) years each (each a "**Subsequent Term**") unless terminated as provided below.

b. Either Party may terminate this Agreement at the expiration of the Initial Term, or at the expiration of any Subsequent Term, by delivering written notice of termination to the other Party in accordance with the following provisions:

(i) The termination date (the "**Termination Date**") shall be the last day of the then-current Initial Term or Subsequent Term, as the case may be.

(ii) The Party electing to terminate this Agreement shall deliver to the other Party written notice of termination not later than the second Monday in January during the School Year that includes the noticed Termination Date. By way of example and for illustrative purposes only, if a Party wished to terminate this Agreement effective as of the last day of the Initial Term, that Party must deliver written notice of termination not later than January 10, 2022. Similarly if a Party wished to terminate this Agreement effective as of the last day of the first Subsequent Term immediately following the Initial Term, that Party must deliver written notice of termination not later than January 12, 2032.

c. If OASD shall fail to timely pay in full any amounts due and owing under this Agreement, MSD may terminate this Agreement at any time while any such amounts remain unpaid by delivering of written notice of such termination to OASD. Such termination shall not prevent MSD from pursuing any other rights or remedies available to MSD at law or in equity.

d. OASD shall be solely responsible for notifying the following of any termination of this Agreement: (a) all Eligible Pupils enrolled in MSD at the time written notice of termination is delivered by either Party, and (b) all residents of Burmester Woods. All such notices shall be in writing and shall be delivered to the required recipients (with copies of such notices to MSD) not later than ten (10) business days after delivery of notice of termination by either Party.

e. OASD shall remain liable to MSD for all amounts due and owing under this Agreement notwithstanding the termination of this Agreement.

f. Upon termination of this Agreement for any reason whatsoever, the Parties shall use reasonable efforts and cooperate in good faith to permit Eligible Pupils then currently enrolled in MSD Public Schools to remain enrolled in MSD Public Schools at the sole cost and expense of OASD. The Parties agree that they shall look to the Applicable Laws governing enrollment of non-resident pupils (including, without limitation, Wis. Stat. § 118.51) for guidance in this regard.

## **7. Miscellaneous.**

a. Entire Agreement; Rules of Construction. The Parties acknowledge and agree that this Agreement expresses the entire agreement between the Parties as to the subject matter of this Agreement, and that this Agreement replaces and supersedes any prior negotiations and agreements, written or oral. The Parties further acknowledge and agree that each Party has been adequately and fully represented in connection with the negotiation and execution of this Agreement, and that, accordingly, rules of interpretation that signify that an agreement shall be construed against the drafter shall not apply.

c. Governing Law. The laws of the State of Wisconsin shall govern the interpretation and enforcement of this Agreement.

d. Successors and Assigns. Except as limited or conditioned by the express provisions of this Agreement, the provisions of this Agreement shall inure to the benefit of and be binding upon the permitted successors and assigns of MSD and OASD. Notwithstanding the foregoing, neither Party may assign its rights or obligations under this Agreement without the express, written consent of the other Party, which consent may be withheld or conditioned in the sole discretion of such other Party.

e. Amendment. This Agreement shall not be effectively modified without the written consent of both Parties hereto, and no such modification shall be binding upon either Party until such modification is reduced to writing and executed by such Parties. If the Agreement shall be modified, OASD shall undertake reasonable efforts to notify the following of any such modification: (a) all Eligible Pupils enrolled in MSD at the time the pertinent modification is agreed between the Parties, and (b) all residents of Burmester Woods. All such notices shall be in writing and shall be delivered to the required recipients (with copies of such notices to MSD) not later than ten (10) business days after the effective date of the pertinent modification.

No express waiver shall affect any event or default other than the event or default specified in such waiver, and any such waiver, to be effective, must be in writing and shall be operative only for the time and to the extent

Dear Burmester Woods Community Member,

I am writing to inform you that the Oregon School District Board of Education has scheduled a hearing that involves changing the school district in which your property is located. The hearing is being held as the result of a petition filed by residents in your neighborhood and requests that properties officially move from the Oregon School District to the McFarland School District:

**Public Hearing on School District Boundaries**

Monday, February 21 at 6:30 PM  
Oregon High School Innovation Center  
456 N. Perry Parkway, Oregon, WI 53575

I want to make sure that you are informed about this hearing and provide you with answers to common questions that you may have about the hearing process and resulting potential actions. Enclosed you will find a list of frequently asked questions and the official hearing notice.

If you have specific questions or wish to discuss this petition or hearing, please contact Oregon School District Business Manager, Andy Weiland at [atw@OregonSD.org](mailto:atw@OregonSD.org) or 608-835-4012.

Sincerely,

Dr. Leslie Bergstrom  
Oregon School District Superintendent

# Frequently Asked Questions

## In which school district is my home currently located?

Your home is currently located in the Oregon School District.

## What is the purpose of the petition?

The petition requests that homes in the neighborhood as identified in the hearing notice to officially become part of the McFarland School District, rather than the Oregon School District.

## Can you explain the historical agreement between McFarland and Oregon?

For the past 10 years we have had a special agreement with the McFarland School District, in which students who live in the Oregon School District may enroll in McFarland Schools without having to go through the open enrollment process. In addition, students receive transportation services free of charge. The agreement auto-renewed on January 11, 2022 for 10 more years.

## If the petition is successful, how will it impact students who attend the Oregon School District?

If the petition is successful, your residence will be part of the McFarland School District. If your student wishes to attend school in the Oregon School District, they must go through the open enrollment process and provide their own transportation.

## Am I guaranteed to have an open enrollment space in Oregon if the petition is successful?

No. Open enrollment is based on space availability and depends on the number of students applying. You can learn more about enrollment at [OregonSD.org/enroll](https://oregonSD.org/enroll).

## Is there a financial impact of this petition?

The current tax rates for the Oregon and McFarland School Districts are similar:

- McFarland School District Tax Rate 2021: \$10.52 / \$1,000 equalized assessed value
- Oregon School District Tax Rate 2021: \$10.40 / \$1,000 equalized assessed value

## How can I express my opinion about the petition?

Community members are invited to share opinions during the public comment section of the hearing, which begins at 6:30 p.m. on Monday, February 21, 2022.

## What happens after this hearing?

If the Oregon School District Board of Education approves the petition, the properties will become part of the McFarland School District effective July 1, 2022.

If the Oregon School District Board of Education denies the petition, the electors or owners may appeal the decision to the School District Boundary Appeal Board through the Department of Public Instruction. The properties would remain in the Oregon School District pending the potential appeal.

This section applies to the owner or elector-initiated petition to detach a small territory. A territory is defined as small if **both**:

- the assessed valuation of the territory proposed to be transferred, divided by its assessment ratio, is less than seven (7) percent of the equalized valuation of the school district from which it is proposed to be detached, **and**
- less than seven (7) percent of the enrollment of the school district from which the territory is proposed to be detached resides in the territory proposed to be transferred. (Use the most recent 3rd Friday in September or 2nd Friday in January count.)

## **PETITION**

### **Wis. Stats. 117.12(2)**

A small territory, owner-initiated petition may be filed by either:

- A majority of the electors residing in the territory proposed to be detached; **or**
- The owners of 50 percent or more of the territory proposed to be detached, as measured by the territory's assessed valuation divided by its assessment ratio.

Petitions for the detachment and attachment of any small territory must be filed **before February 1** with the clerk of the school district to which the territory is currently attached. The petition must include a description of the parcel or territory proposed for detachment. This description must be sufficiently accurate to determine its location in the school district in which it is located, as certified by the clerk of each town, village, or city within which all or part of the parcel or territory is located. The petition must also state the number of pupils residing in the territory who were enrolled in the district to which the territory is currently attached, as certified by the district clerk. (Use the most recent 3rd Friday in September or 2nd Friday in January count.) The petition should

be filed personally or mailed directly to the clerk of the school district to which the territory is currently attached. The school district clerk must receive the petition **before February 1** in order for it to be considered that year.

## **SCHOOL BOARD ACTION**

### **Wis. Stats. 117.12(3)**

During the month of February, each affected school board must give the petitioners an opportunity to meet with the board to present reasons for the proposed reorganization **before** adopting a resolution either granting or denying the detachment. **Each** affected school board must vote on the proposed reorganization. If all school boards agree to the detachment and attachment of the territory, the process ends and the reorganization will become effective July 1 of that year. If any school board denies the proposed reorganization, an appeal may be made to the School District Boundary Appeal Board by the electors or owners described above. Failure of a school board to **adopt a resolution** before March 1 either ordering or denying the reorganization constitutes a denial of the reorganization by the school board.

## **APPEALS OF A SCHOOL BOARD'S ORDER OF DENIAL**

### **Wis. Stats. 117.12(4) and (5)**

A majority of the elector(s) residing in the territory or the owner(s) of 50 percent or more of the territory may appeal the school board's order denying detachment of a small territory. The appeal shall be filed with the Secretary of the School District Boundary Appeal Board before the March 15 following the denial. Appeals received after March 14 will be rejected as not timely.

Click on the following link to view or print a [model appeal application](#)  for a hearing before the School District Boundary Appeal Panel.

## **Appeal Panel**

In most cases, appeals of the denial of the detachment and attachment of small territories are heard by a three-member Appeal Panel appointed by the State Superintendent. The panel members are also members of the School District Boundary Appeal Board (SDBAB). The panel must include one person from a district with small enrollment, one from a district with medium enrollment, and one from a district with large enrollment. The Appeal Panel, after hearing the details of the petition, may affirm, deny, or modify the school board's denial of the reorganization of the territory designated on the petition. The appeal order shall be issued before the June 15 following the filing of the appeal; any order of detachment is effective July 1.

## **School District Boundary Appeal Board**

The law also provides that an appeal shall be heard by a seven-member School District Boundary Appeal Board, rather than an Appeal Panel, if any of the following apply:

- More than one appeal to detach small territory from a single district was filed by the March 15 date and either:
  - The total assessed valuation of the territory proposed to be detached under the appeals, divided by the assessment ratio, is seven (7) percent or more of the equalized valuation of the original school district; or
  - The number of pupils enrolled in the school district who reside in the territory proposed to be detached is seven (7) percent or more of that school district's enrollment;

OR

- The total territory detached over the previous two years, including the appeal under review, constitutes two (2) percent or more of either the equalized value or enrollment of the school district from which detachment is proposed.

For all appeals, the School District Boundary Appeal Panel or Board shall evaluate each appeal with the statutory criteria listed in Wis. Stats. 117.15 (<https://dpi.wi.gov/sms/reorganization/evaluation-criteria>), and issue an order either affirming, denying, or modifying the school board's denial of any or all of the proposed reorganizations. The School District Boundary Appeal Board's order shall be issued by the June 15 following the filing of the appeal; any reorganization that is granted is effective July 1.

## **RELATED ISSUES**

S.117.25(2), Wis. Stats., states that when territory is detached from one school district and attached to another school district the following apply:

- Assets and liabilities are assigned to the school districts under s. 66.0235, Wis. Stats., on the effective date of the reorganization. The process may include assets and liabilities being assigned proportionally to the affected school districts based on the ratio of the equalized valuation of the reorganized territory to the equalized valuation of all taxable property in the detaching school district {s. 66.0235(2c)(a), Wis. Stats.}.  
Wis. Stats. 66.0235(2c)(b) provides for an alternate procedure to be used wherein the affected school boards adopt identical resolutions stating the agreed-upon division of assets and liabilities. The resolution must pass in each affected school board by a three-fourths vote in favor of the resolution.  
Districts holding state trust fund loans should refer to s. 66.0235(10), Wis. Stats., for the procedure to transfer this debt.
- Any employee of the school district from which territory is detached who is laid off as a result of the reorganization has priority over other persons, except employees of the school district to

which the territory is attached and former employees of that school district who were laid off from that school district, for three (3) years after the effective date of the reorganization for new positions and vacant positions for which he or she is qualified in the school district to which the territory is attached. {s. 117.25 (2)(b)(1), Wis. Stats.}

Any person who wishes to exercise this priority shall notify the school district to which the territory is attached, in writing, that he or she wishes to be considered for any new position or vacant position and shall include in the notice the address to be used by the school district to notify the person of such positions. {s. 117.25 (2)(b)(2), Wis. Stats.}

## **APPEAL TO CIRCUIT COURT**

### **Wis. Stats. 117.14**

Any person aggrieved by an order of the School District Boundary Appeal Board or Appeal Panel may appeal the order to a circuit court within thirty (30) days after copies of the order are filed with the secretary of the board under s. 117.17(2), Wis. Stats. To begin the appeal, the aggrieved person must serve written notice, specifically stating the grounds for the appeal, upon the Secretary of the School District Boundary Appeal Board and file the notice with the clerk of the circuit court of any county in which any of the territory proposed to be detached is located or with the clerk of the circuit court of any county in which any territory of the school district to which the territory is proposed to be attached is located.

## **WHAT THE STATUTES SAY WITH REGARD TO NOTIFICATION**

- A certified copy of the petition must be sent to the school board of the school district to which the territory is proposed to be attached and to DPI. {Wis. Stats. 117.12(2)}
- The school district clerk of a district adopting a resolution must, within 5 days after the adoption of the resolution, send a certified copy of the resolution to the school board of the other affected district and to DPI. {Wis. Stats. 117.12(3)}

Click on the following link to locate samples (<https://dpi.wi.gov/sms/reorganization/forms>), of orders and resolutions related to school district reorganization. It is recommended that school boards fill out three originals, one to keep and one each for the other district and the DPI. If you send photocopies of the original, a Certificate of True Copy is needed.

# School District Boundary Appeal Board

The School District Boundary Appeal Board (SDBAB) is created within the Department of Public Instruction by s.15.375, Wis. Statutes

(<https://docs.legis.wisconsin.gov/statutes/statutes/15/II/375/2>) to address certain issues related to school district reorganization. The Board consists of 12 school board members appointed by the state superintendent of Public Instruction for staggered two-year terms. Four members represent small school districts; four represent medium school districts, and four represent large school districts. No more than one member may come from each of the 12 CESA areas. Three-member panels of SDBAB members (one each from a small, medium, and large district) hear appeals related to small territory detachment. Seven member boards, consisting of two representatives each from small, medium, and large districts, and the state superintendent or his or her designee, address issues related to district creation and dissolution, annexation, or boundary disputes. Operations of the board are described in s.117.05(1) and (2), Wis. statutes (<https://docs.legis.wisconsin.gov/statutes/statutes/117/05?view=section>).

## SDBAB Fees

- Section 117.05 (9), Wisconsin statutes, (<https://docs.legis.wisconsin.gov/statutes/statutes/117/05/9>) permits the state superintendent to charge fees sufficient to reimburse the department for the costs related to certain School District Boundary Appeal Board (SDBAB) activities.
- Section PI 2.03 of the administrative rules  requires the state superintendent to annually "establish a filing fee sufficient to cover the expenses of convening the school district boundary appeal board and the appeal panel".

# Public School District Reorganization-Procedures for School District Boundary Appeal Board Panel Hearings

---

The School District Boundary Appeal Board (SDBAB) panel consists of three (3) individuals who currently serve as school board members of their local school districts and who have been appointed by the state superintendent to hear appeals filed under Chapter 117, Wis. Stats. A non-voting chairperson, also appointed by the state superintendent, facilitates the hearing.

In the weeks prior to the hearing, the school districts are asked to submit the following information:

- A copy of the notice of any local school board hearing on a petition or a resolution for reorganization; transcribed minutes, transcribed stenographic record or electronic recording of hearing; and a copy of all exhibits and data submitted at the hearing.
- Class schedule, list of courses, or other information about the academic program of any school or schools attended, or that would be attended, by students residing on the territory that is the subject of the appeal.
- School district map indicating location of property under appeal.
- Any written statement of facts or other relevant matters relating to a proposed reorganization.

Petitioners will also be given the opportunity to submit information prior to the hearing. This information, along with any other relevant documents that are received by the Secretary of the School District Boundary Appeal Board, become part of the Official File for each hearing. A copy of the Official File is provided to each SDBAB panel member, school district representative and petitioner in advance of the hearing so he/she may study the documents and become familiar with the issues related to the appeal.

Additional documents that are not already included in the Official File may be presented as exhibits during the appeal hearing. If such documents are to be used, they should be submitted to the recording secretary 30 minutes before the scheduled start time of the appeal so they can be properly verified and marked. Eight (8) copies of each exhibit are needed for distribution.

The proponent(s) (those people asking that the school board's order of denial be reversed and that the territory be detached) present their case first. The time limit for the presentation is one hour. The opponent(s) (those people who want the territory to remain in the school district) are also given up to one hour for their presentation. After the presentations, a 10-minute summation or rebuttal time is given to both parties.

At the conclusion of the public presentations, the SDBAB panel is given an opportunity to ask questions of anyone who presented testimony or of other parties in attendance. However, no one is allowed to make statements during this time period unless asked to do so by panel members. When the panel has no more questions, deliberations begin.

The panel discusses the appeal and makes its decision in the presence of the proponent(s), opponent(s) and audience. In accordance with s. 117.15, Wis. Stats., the appeal panel considers and weighs specific criteria as they affect the educational welfare of all of the children residing in all of the school districts affected by the proposed reorganization. Click on the following link to view the list of criteria. (<https://dpi.wi.gov/sms/reorganization/evaluation-criteria>).

**117.08 Consolidation of school districts. (1) INITIATION OF PROCEDURES.** The school boards of 2 or more school districts may adopt resolutions stating that they will consider consolidating their school districts. The school district clerk of each school board adopting a resolution under this subsection shall send a certified copy of the resolution to the school boards of each of the other affected school districts and to the secretary of the board.

(2) SCHOOL BOARD ACTION. In the first July beginning after the adoption of resolutions by 2 or more school boards under sub. (1), the school boards of the affected school districts may order the school districts consolidated by the adoption, by each of those school boards, of a resolution ordering the consolidation. Failure of a school board to adopt a resolution either ordering or denying the consolidation before August 1 constitutes a denial of the consolidation by that school board. The school district clerk of each school board adopting a resolution under this subsection, either ordering or denying a consolidation, shall, within 5 days after the adoption of the resolution, send a certified copy of the resolution to the school boards of each of the other affected school districts and file a certified copy of the resolution as provided under s. 117.17 (2). If the school board of each affected school district adopts a resolution ordering the consolidation, the consolidation shall take effect on the following July 1, unless a referendum under sub. (3) is required.

(3) REFERENDUM. (a) If the school board of each affected school district adopts a resolution ordering a consolidation under sub. (2), a referendum on the consolidation shall be held under par. (b) if one of the following occurs:

1. At the time of adopting the resolution under sub. (2), the school board of any affected school district directs the holding of a referendum.
2. Before the 2nd Tuesday of September following the adoption of the resolutions under sub. (2), a petition conforming to the requirements of s. 8.40 requesting a referendum, signed by at least 10 percent of the electors who reside in any affected school district, is filed with the clerk of the school district that has the highest equalized valuation of the affected school districts. The validity of the petition shall be governed by the rules promulgated under s. 8.40 (3).

(b) If a referendum is directed or a petition requesting a referendum is filed under par. (a), the school district clerk of the school board adopting the resolution or the school district clerk receiving the petition shall immediately notify the school boards of each of the other affected school districts, the secretary of the board and the clerk of each city, village or town, any part of which is contained within an affected school district. The referendum shall be held in the affected school districts as provided under s. 117.20. Votes shall be counted separately for each affected school district.

(4) REFERENDUM RESULTS. If a majority of the votes cast in each affected school district is in favor of consolidation, the

school districts shall be consolidated on the following July 1. At the time of canvassing the returns, the school boards of the affected school districts shall make and file an order of school district reorganization under s. 117.17 (2).

(5) **ALTERNATIVE TIMELINES.** (a) If each school board adopting a resolution under sub. (1) specifies in its resolution that the alternative timeline under this paragraph applies, the dates specified in subs. (2), (3) (a) 2., and (4) are changed as follows:

1. The resolutions ordering or denying a consolidation under sub. (2) shall be adopted in the first December beginning after the adoption of resolutions by 2 or more school boards under sub. (1). Failure of a school board to adopt a resolution either ordering or denying the consolidation before January 1 constitutes a denial of the consolidation by that school board.

2. The petition requesting a referendum under sub. (3) (a) 2. shall be filed before the 2nd Tuesday of February following the adoption of the resolutions under sub. (2).

3. If a majority of the votes cast in each affected school district is in favor of consolidation, the school districts shall be consolidated on the 2nd following July 1.

(b) If each school board adopting a resolution under sub. (1) specifies in its resolution that the alternative timeline under this paragraph applies, the dates specified in subs. (2) and (3) (a) 2. are changed as follows:

1. The resolutions ordering or denying a consolidation under sub. (2) shall be adopted in the first May beginning after the adoption of resolutions by 2 or more school boards under sub. (1). Failure of a school board to adopt a resolution either ordering or denying the consolidation before June 1 constitutes a denial of the consolidation by that school board.

2. The petition requesting a referendum under sub. (3) (a) 2. shall be filed before the 2nd Tuesday of July following the adoption of resolutions under sub. (2).

(6) **STATE AID.** From the appropriation under s. 20.255 (2) (br), the department shall pay to a school district created by a consolidation under this section that takes effect on or after July 1, 2019, the following amounts:

The school district clerk of each school board adopting a resolution under this subsection shall send a certified copy of the resolution to the school boards of each of the other affected school districts and to the secretary of the board.

(2) **SCHOOL BOARD ACTION.** (a) In the first July beginning after the adoption of resolutions under sub. (1) and that have, in their combined territory, at least 55 percent

of the equalized valuation of the union high school district, may order the union high school district and all of the elementary school districts whose territory is included in the union high school district consolidated to create a common or unified school district operating both elementary and high school grades by the adoption of a resolution ordering the consolidation by each school board.

(b) Failure of a school board to adopt a resolution under par. (a) before August 1, either ordering or denying the consolidation, constitutes a denial of the consolidation by that school board. The school district clerk of each school board that adopts a resolution ordering or denying a consolidation under par. (a) shall, within 5 days after the adoption of the resolution, send a certified copy of the resolution to the school boards of the other affected school districts and file a certified copy of the resolution as provided under s. 117.17 (2). If a consolidation is ordered under par. (a), the consolidation shall take effect on the following July 1, unless a referendum is required under sub. (3).

(3) **REFERENDUM.** (a) If a consolidation is ordered under sub. (2) (a), a referendum on the consolidation shall be held under par. (b) if one of the following occurs:

The referendum shall be held in the union high school district as provided under s. 117.20. Votes shall be counted separately for the union high school district and each affected elementary school district.

(4) **REFERENDUM RESULTS.** If a majority of the votes cast in the union high school district and in a majority of the affected elementary school districts is in favor of consolidation, the union high school district and all of the affected elementary school districts shall be consolidated on the following July 1. At the time of canvassing the returns, the school boards of the affected school districts shall make and file an order of school district reorganization under s. 117.17 (2).

(5) **ELEMENTARY SCHOOL DISTRICT IN MORE THAN ONE UNION HIGH SCHOOL DISTRICT.** (a) If a school district that operates only elementary grades has territory in more than one union high school district, it may consolidate under this section only with the union high school district in which more than 50 percent of its territory, as measured by equalized valuation, is located. Only the territory of the elementary school district that is located in that union high school district shall be included in the newly created common or unified school district operating both elementary and high school grades.

(b) The remaining territory of the elementary school district shall be attached, by the reorganization order issued under sub. (2) or (4), to a school district that operates only elementary grades and has territory located in the union high school district attended by the high school pupils who reside in the territory being attached.

(c) Upon the request of the school board of any affected school district, or the school board of any other school district operating only elementary grades that has territory in the union high school district identified under par. (b), the board shall determine to

which elementary school district territory shall be attached under par. (b). The board shall issue an order that either affirms the attachment of the territory as specified in the order under sub. (2) or (4) or modifies the order under sub. (2) or (4) by attaching all or part of the territory to one or more other school districts identified under par. (b).

(d) Upon the request of the school board of any affected school district, the board shall review any proposed apportionment of assets and liabilities under s. 66.0235 (2c) (a) 1., between the school district created by the consolidation under par. (a) and any elementary school district to which territory is proposed to be attached under par. (b) or (c), and shall issue an order affirming or modifying that apportionment.

(6) **STATE AID.** From the appropriation under s. 20.255 (2) (br), the department shall pay to a school district created by a consolidation under this section that takes effect on or after July 1, 2019, the following amounts:

(2) **SCHOOL BOARD ACTION.** In the first July beginning after the adoption of a resolution under sub. (1), the school board may order the school district dissolved by adopting a resolution ordering the dissolution. Failure of a school board to adopt a resolution either ordering or denying the dissolution before August 1 constitutes a denial of the dissolution by the school board. The school district clerk of a school board adopting a resolution under this subsection, either ordering or denying a dissolution, shall file a certified copy of the resolution as provided under s. 117.17 (2). A school board order under this subsection is not effective unless affirmed by the board under sub. (4).

(3) **ADVISORY REFERENDUM.** (a) If the school board adopts a resolution under sub. (2) ordering a dissolution, an advisory referendum on the dissolution shall be held under this subsection if one of the following occurs:

1. At the time of adopting the resolution under sub. (2), the school board directs the holding of an advisory referendum on the dissolution.

2. Before the 2nd Tuesday of September following the adoption of the resolution under sub. (2), a petition conforming to the requirements of s. 8.40 requesting an advisory referendum, signed by at least 10 percent of the electors who reside in the affected school district, is filed with the school district clerk. The validity of the petition shall be governed by the rules promulgated under s. 8.40 (3).

(b) If an advisory referendum is directed or a petition requesting an advisory referendum is filed under par. (a), the school district clerk shall immediately notify the secretary of the board and the clerk of each city, village or town, any part of which is contained within the school district. The advisory referendum shall be held in the school district as provided under s. 117.20.

(4) **BOARD REVIEW.** After the 2nd Tuesday of September following the adoption of the resolution under sub. (2), if no advisory referendum is required, or after the advisory referendum, if one is held, the board shall review the dissolution and, before the following January 15, issue an order either affirming or denying the school board's dissolution order. The order shall be in writing, shall include a statement of the reasons for the order and shall be filed as provided under s. 117.17 (2). If the board affirms the school board's dissolution order, the board shall also issue an order assigning the school district's assets and liabilities under s. 66.0235 (2c) (a) 1., and the school district's territory, to one or more other school districts, and providing for the employees of the dissolved school district under s. 117.25 (3). If the board affirms the school board's dissolution order, the school district shall be dissolved on the following July 1.

(5) **EFFECT OF NEW BUILDING CONSTRUCTION.** A school district may not be dissolved under this section if it has constructed a new school building within the 3 years immediately preceding the adoption of a resolution under sub. (2) and, on the date the resolution is adopted, the school district has outstanding debt for the building. This subsection does not apply if the school district to which the building is assigned under sub. (4) agrees to accept both the school building and the outstanding debt for the school building or, prior to the effective date of the dissolution, the building is sold and the debt is paid.

**History:** 1989 a. 114, 192, 287; 1999 a. 150 s. 672.

**117.105 Creation of a school district. (1) INITIATION OF PROCEDURES.** Procedures to create a school district from the territory of one or more existing school districts may be initiated by any of the following methods:

(a) Before July 1 of any year, a written petition requesting the creation of a school district may be filed with the clerk of the school district that has the highest equalized valuation of the affected school districts. The petition shall be signed by at least 20 percent of the total number of electors residing in the affected school districts and by at least 5 percent of the number of electors residing in each affected school district. The school district clerk with whom the petition is filed shall immediately send a certified notice of the petition to the school board of each affected school district and to the secretary of the board. The petition shall include the approximate boundaries of the proposed school district.

(b) Before July 1 of any year, the school board of each school district from which territory will be detached to create the proposed school district may adopt a resolution stating that the school board will consider the creation of the school district. The resolution shall include the approximate boundaries of the proposed school district. The school district clerk of each school board adopting a resolution under this paragraph shall send a certified copy of the resolution to the school boards of each of the other affected school districts and to the secretary of the board.

(1m) **HEARING; BOUNDARIES; ASSETS AND LIABILITIES.** (a) Upon receipt of a petition or notice under sub. (1) (a), or upon the adoption of a resolution and the receipt of copies of resolutions adopted by the school board of each of the other affected school districts under sub. (1) (b), the school board shall hold a public hearing on the proposed reorganization.

(b) Before the October 15 following the receipt of a petition or notice under sub. (1) (a) or the adoption of resolutions under sub. (1) (b), the school boards of the affected school districts may, by the adoption of resolutions by the school boards of a majority of the affected school districts, agree on the precise boundaries of the proposed school district and the apportionment of the assets and liabilities between the affected school districts and the proposed school district according to the criteria under s. 66.0235 (2c). The school boards may establish an alternative method to govern the assignment of assets and liabilities as provided in s. 66.0235 (2c) (b). In determining the precise boundaries, the school boards may not detach territory from any additional school

districts. The clerk of the school district that has the highest equalized valuation of the affected school districts shall notify the board of their agreement or their failure to reach agreement.

(c) If the school boards of a majority of the affected school districts fail to agree on the precise boundaries or on the apportionment of assets and liabilities by October 15 under par. (b), the board shall issue an order doing so by the following February 15. In determining the precise boundaries of the proposed school district, the board may not detach territory from any additional school districts.

**(2) SCHOOL BOARD ACTION.** Before the January 15 following the determination of the precise boundaries of the proposed school district and the apportionment of assets and liabilities under sub. (1m) (b), or before the April 15 following an order issued by the board under sub. (1m) (c), the school board of each affected school district shall adopt a resolution ordering or denying the creation of the school district. The resolution shall state the school board's rationale for ordering or denying the reorganization and include an evaluation of each of the factors specified in s. 117.15. Failure of a school board to adopt a resolution either ordering or denying the creation of the school district before the applicable date required under this subsection constitutes a denial of the creation of the school district by that school board. The school district clerk of each school board adopting a resolution under this subsection, either ordering or denying the reorganization, shall, within 5 days after the adoption of the resolution, send a certified copy of the resolution to the school boards of each of the other affected school districts and file a certified copy of the resolution as provided in s. 117.17 (2).

The petition shall be filed by February 15 following the school board action under sub. (2), or by May 15 following the school board action under sub. (2) if the board issued an order under sub. (1m) (c).

2. The school board of any of the affected school districts issues an order under sub. (2) denying the proposed reorganization, and a petition for board review of the proposed reorganization, signed by at least 10 percent of the number of electors residing in each affected school district, is filed with the secretary of the board. The petition shall be filed by February 15 following the school board action under sub. (2), or by May 15 following the school board action under sub. (2) if the board issued an order under sub. (1m) (c).

(b) Upon receipt of a petition for review under par. (a), the secretary of the board shall immediately notify the school board of each affected school district and the board shall hold a public hearing on the proposed reorganization. After the hearing and after consulting with the school boards of the affected school districts, but before May 15, the board may modify the boundaries of the proposed school district and the apportionment of assets and liabilities between the affected school districts and the proposed school district unless the board determined the boundaries and apportionment under sub. (1m) (c). The board may not modify the boundaries by detaching territory from any additional school districts.

(bm) If the board modifies the boundaries or the apportionment of assets and liabilities under par. (b), it shall immediately notify the school board of each affected school district, and before June 15, the school board of each affected school district may proceed under sub. (2) to issue an order either granting or denying the proposed reorganization, as modified by the board. The board shall then proceed under par. (c) without the filing of a new peti-

tion under par. (a) but may not issue an order under par. (c) before June 21.

(c) By August 1 following receipt of a petition for review under par. (a), the board shall issue an order either granting or denying the proposed reorganization. The order shall state the board's rationale and include an evaluation of each of the factors specified in s. 117.15. The board may overturn the decision of the school boards only if it finds that the school boards' conclusions regarding the factors specified in s. 117.15 are not supported by the facts or that the school boards did not properly apply these factors.

1. The school boards of all of the affected school districts grant the proposed reorganization and there is no petition filed for board review.

2. The school boards of all of the affected school districts grant the proposed reorganization, a petition for board review is filed and the board grants the proposed reorganization.

3. The school board of one or more of the affected school districts denies the proposed reorganization, a petition for board review is filed and the board grants the proposed reorganization.

(b) If a referendum is required under par. (a), the board shall immediately notify the school boards of each of the affected school districts and the clerk of each city, village or town, any part of which is contained within an affected school district. The referendum shall be held in the territory of the school district proposed to be created by the reorganization.

(c) In addition to the referendum under par. (a) 3., a referendum shall be held under par. (d) if par. (a) 3. applies and a petition conforming to the requirements of s. 8.40 requesting a referendum, signed by at least 20 percent of the number of electors residing in the territory of the affected school districts, is filed with the clerk of the affected school district with the largest equalized valuation before the 2nd Tuesday of September following issuance of the board's order under sub. (2m) (c).

(d) If a referendum is required under par. (c), the school district clerk receiving the petition shall immediately notify the school boards of each of the affected school districts and the clerk of each city, village or town, any part of which is contained within an affected school district. The referendum shall be held in the territory of the affected school districts as provided under s. 117.20.

**(4) ORDER OF REORGANIZATION IF APPROVED AT REFERENDUM.** If a majority of the votes cast in the referendum held under sub. (3) (b) in the territory of the school district proposed to be created by the reorganization is in favor of the creation of the proposed school district, and a majority of the votes cast in the referendum held under sub. (3) (d) in the territory of the affected school districts is in favor of the creation of the proposed school district, at the time of canvassing the returns the school boards of the affected school districts shall make and file an order of school district reorganization under s. 117.17 (2). The reorganization shall take effect on the following July 1 unless the school board of the newly created school district adopts and files a resolution, as provided in s. 117.17 (2), stating that the reorganization shall take effect on the 2nd July 1 following the order of reorganization.

**(4m) PROCEDURES FOR CREATION OF A SCHOOL DISTRICT BASED ON AN OPPORTUNITY SCHOOLS AND PARTNERSHIP PROGRAM; CERTAIN VILLAGES.** (a) In this subsection:

1. "Eligible unified school district" has the meaning given in s. 115.999 (2m) (a).

2. "Village board" means the village board of a village located in an eligible unified school district.

(b) If a village board adopts a resolution under s. 115.999 (2m) (c) affirming the village board's intent to create a new school district or a resolution to provide a referendum under s. 115.999 (2m) (d), the village board shall submit the resolution to the board.

(c) 1. Upon receipt of a resolution under par. (b), the board shall hold a public hearing on the proposed reorganization. After the hearing and after consulting with the school board of the eligible unified school district and the village boards of the villages located within the proposed school district, the board shall determine the apportionment of assets and liabilities between the eligible unified school district and the proposed school district according to the criteria under s. 66.0235 (2c).

2. By no later than 180 days after the village board receives notice under s. 115.28 (10o) (d), the board shall issue an order that includes the territory of the new school district, as described in the resolution adopted by the village board, and the apportionment of assets and liabilities as determined under subd. 1.

(d) A binding referendum on a proposed reorganization ordered by the board under par. (c) 2. shall be held in the territory of the school district proposed to be created by the reorganization.

(e) 1. If a majority of the votes cast in the referendum held under par. (d) is in favor of the creation of the proposed school district, no later than 60 days after the referendum is held, the village boards of the villages included in the proposed school district shall adopt a resolution to designate all of the following for the proposed school district:

a. The number of school board members under s. 120.01 or 120.41.

b. The terms of initial members of the school board under s. 120.02 (3) (a).

c. The method of election of school board members under s. 120.06 or 120.42.

2. A village that adopts a resolution under subd. 1. shall submit the resolution to the eligible unified school district.

3. If a majority of the votes cast in the referendum held under par. (d) is in favor of the creation of the proposed school district, after receiving a resolution under subd. 2., the school board of the eligible unified school district shall make and file an order of school district reorganization under s. 117.17 (2). In the order, the school board shall designate that the first election of school board members of the newly created school district shall occur at the regularly scheduled spring election immediately following the date on which the order is filed with the board. The reorganization shall take effect on the July 1 described in the resolution adopted by the village board under s. 115.999 (2m) (c).

(f) Subsections (1) to (4) and ss. 117.14 and 117.15 do not apply to a reorganization under this subsection.

(5) **APPLICABILITY.** This section does not apply to a reorganization that would result in the creation of a school district that has the same boundaries that an existing school district would have if territory were detached from one or more other school districts and attached to the existing school district under s. 117.12, 117.13 or 117.132 unless the existing school district operates only elementary grades.

(6) **LIMITATION ON FURTHER REORGANIZATION.** No school district created by a reorganization under this section may consolidate with another school district under s. 117.08 or 117.09, or have all of its territory attached to another school district under s. 117.10, 117.11 or 117.132, within 10 years after the effective date of the reorganization under this section. This subsection does not apply if the school district was created by detaching territory from a single school district, and the consolidation under s. 117.08 or 117.09 or the attachment under s. 117.10, 117.11 or 117.132 will consolidate the school district with, or reattach its territory to, the school district from which its territory was detached by the reorganization which created the school district.

**History:** 1997 a. 286; 2001 a. 30; 2017 a. 59.

#### 117.11 Detachment and attachment of large territory.

(1) **APPLICATION.** This section applies to the detachment of territory from one school district and its attachment to an adjoining school district if one of the following applies:

(a) The assessed value of the territory proposed to be detached from one school district and attached to an adjoining school district, divided by the assessment ratio of the taxation district, is equal to or greater than 7 percent of the equalized valuation of the school district from which the territory is proposed to be detached.

(b) Seven percent or more of the enrollment of the school district from which the territory is proposed to be detached resides in the territory proposed to be detached from that school district.

(2) **INITIATION OF PROCEDURES.** A majority of the electors residing in territory proposed to be detached from one school district and attached to an adjoining school district, or owners of more than 50 percent of the territory proposed to be detached from one school district and attached to an adjoining school district, as measured by its assessed valuation divided by the assessment ratio of the taxation district, may file a written petition with the clerk of the school district in which the territory is located requesting the detachment of the territory from that school district and its attachment to an adjoining school district. The petition shall include a description of the territory sufficiently accurate to determine its location in the school district in which it is located, as certified by the clerk of each city, town or village within which all or part of the territory is located, and the number of pupils residing in that territory who, on the most recent of the preceding 3rd Friday of September or 2nd Friday of January, were enrolled in the school district from which the territory is proposed to be detached, as certified by the clerk of that school district. Upon receipt of the petition, the school district clerk shall send a certified notice of the petition to the school board of the school district to which the territory is proposed to be attached and to the secretary of the board.

(3) **SCHOOL BOARD ACTION.** In the first July beginning after receipt of a petition under sub. (2), the school boards of the affected school districts may order the territory detached from the school district in which it is located and attached to the adjoining school district by the adoption, by each of those school boards, of a resolution ordering the detachment and attachment. Failure of a school board to adopt a resolution either ordering or denying the detachment and attachment before August 1 constitutes a denial of the reorganization by that school board. The school district clerk of each school board that adopts a resolution ordering or denying the reorganization under this subsection shall, within 5 days after the adoption of the resolution, send a certified copy of the resolution to the school board of the other affected school district and file a certified copy of the resolution as provided under s. 117.17 (2). If the school board of each affected school district adopts a resolution ordering the detachment and attachment, the reorganization shall take effect on the July 1 following the adoption of the resolutions, unless a referendum is required under sub. (4).

(4) **REFERENDUM.** (a) A referendum on the proposed reorganization shall be held if one of the following occurs before the 2nd Tuesday of September following the adoption of a resolution under sub. (3):

1. The school board of either affected school district directs the holding of a referendum.

2. A petition conforming to the requirements of s. 8.40 requesting a referendum, signed by at least 10 percent of the electors who reside in either affected school district, is filed with the clerk of the school district from which the territory is proposed to be detached. The validity of the petition shall be governed by the rules promulgated under s. 8.40 (3).

(b) If a referendum is directed or a petition requesting a referendum is filed under par. (a), the school district clerk of the school board adopting the resolution or the school district clerk receiving the petition shall immediately notify the school board of the other affected school district, the secretary of the board and the clerk of each city, village or town, any part of which is contained within an affected school district. The referendum shall be held in the affected school districts as provided under s. 117.20. Votes shall be counted separately for each affected school district.

(5) **REFERENDUM RESULTS.** If a majority of the votes cast in each affected school district is in favor of the reorganization, the reorganization shall take effect on the following July 1. At the time of canvassing the returns, the school boards of the affected school districts shall make and file an order of school district reorganization under s. 117.17 (2).

**History:** 1989 a. 114, 192.

**117.12 Detachment and attachment of small territory initiated by owner.** (1) **APPLICATION.** This section applies to the detachment of territory from one school district and its attachment to an adjoining school district if all of the following apply:

(a) The assessed value of the territory proposed to be detached from one school district and attached to an adjoining school district, divided by the assessment ratio of the taxation district, is less than 7 percent of the equalized valuation of the school district from which it is proposed to be detached.

(b) Less than 7 percent of the enrollment of the school district from which the territory is proposed to be detached resides in the territory proposed to be detached from that school district.

(2) **PETITION.** A majority of the electors residing in the territory described under sub. (1) or owners of 50 percent or more of that territory may file a written petition with the clerk of the school district in which the territory is located requesting the detachment of the territory from that school district and its attachment to an adjoining school district. The petition shall include a description of the territory sufficiently accurate to determine its location in the school district in which it is located, as certified by the clerk of each city, town or village within which all or part of the territory is located, and the number of pupils residing in that territory who, on the most recent of the preceding 3rd Friday of September or 2nd Friday of January, were enrolled in the school district from which the territory is proposed to be detached, as certified by the clerk of that school district. Upon receipt of the petition, the school district clerk shall send a certified copy of the petition to the school board of the school district to which the territory is proposed to be attached and to the secretary of the board.

(3) **SCHOOL BOARD ACTION.** In the first February beginning after receipt of a petition under sub. (2), the school boards of the affected school districts may order the territory detached from the school district in which it is located and attached to the adjoining school district by the adoption, by each of those school boards, of a resolution ordering the reorganization. Before adopting a resolution under this subsection that grants or denies the reorganization, each school board shall give the electors and owners who signed the petition under sub. (2) an opportunity to meet with the school board to present their reasons for the proposed reorganization. Failure of a school board to adopt a resolution before March 1 either ordering or denying the reorganization constitutes a denial of the reorganization by the school board. The school district clerk of each school board adopting a resolution under this subsection that orders or denies a reorganization shall, within 5 days after the adoption of the resolution, send a certified copy of the resolution to the school board of the other affected school district and file a certified copy of the resolution as provided under s. 117.17 (2). If the school board of each affected school district adopts a resolution ordering the detachment and attachment, the reorganization shall take effect on the following July 1.

(4) **APPEAL TO PANEL.** If the detachment and attachment of territory is denied by either school board under sub. (3), a majority of the electors residing in the territory or the owners of 50 percent or more of the territory may appeal the denial to an appeal panel by filing notice of appeal with the secretary of the board before the March 15 following the denial. The secretary of the board shall send a copy of the notice of appeal to the school board of each affected school district. Except as provided under sub. (5), the appeal panel shall issue an order either affirming the school board's denial of the proposed reorganization or ordering all or any part of the territory described in the petition under sub. (2) detached from the school district in which it is located and

attached to the adjoining school district. The order shall be issued before the June 15 following the filing of the notice of appeal. The order shall be in writing, shall include a statement of reasons for the order and shall be filed as provided under s. 117.17 (2). If the appeal panel orders territory detached from one school district and attached to an adjoining school district, the reorganization shall take effect on the following July 1.

(5) **BOARD REVIEW.** (a) If more than one appeal to detach territory from a single school district is filed under sub. (4) before March 15 and any of the following applies, the board shall review all of those appeals:

1. The total assessed valuation of the territory proposed to be detached under the appeals, divided by the assessment ratio of the taxation district, is equal to or greater than 7 percent of the equalized valuation of the school district from which the territory is proposed to be detached.

2. The total number of pupils residing in the territory proposed to be detached under the appeals who, on the most recent of the preceding 3rd Friday of September or 2nd Friday of January, were enrolled in the school district from which the territory is proposed to be detached is equal to or greater than 7 percent of that school district's enrollment.

(am) In addition to reviewing appeals described under par. (a), the board shall review an appeal if any of the following applies:

1. The assessed valuation of the territory proposed to be detached under the appeal, divided by the assessment ratio of the taxation district, when added to the total assessed valuation of all territory detached from that school district in the 2 years preceding the date on which the petition was filed under sub. (2), divided by the appropriate assessment ratios, is equal to or greater than 2 percent of the school district's equalized valuation.

2. The number of pupils residing in the territory proposed to be detached under the appeal who are included in the enrollment of the school district from which the territory is proposed to be detached, when added to the number of pupils who resided in territory detached from that school district, and were included in previous enrollments of that school district, in the 2 years preceding the date on which the petition was filed under sub. (2), constitute 2 percent or more of the school district's enrollment.

(b) The secretary of the board shall notify the school board of each affected school district and each owner or elector who signed the notice of appeal under sub. (4) that the appeal or appeals will be reviewed by the board under this subsection rather than by an appeal panel under sub. (4). The board shall issue an order either affirming the school boards' denial of all or any of the proposed reorganizations under par. (a) or the proposed reorganization under par. (am) or ordering all or any part of the territory described in all or any of the petitions under sub. (2) or included in the appeal filed under par. (am) detached from the school district in which it is located and attached to an adjoining school district. In addition to the criteria under s. 117.15, in making its decision the board also shall consider the effect that the proposed detachments under par. (a), taken as a whole, will have on the school district from which the territory is proposed to be detached, or the cumulative effect on that school district of the proposed detachment under par. (am). The board's order shall be issued before the June 15 following the filing of the notice of appeal. The order shall be in writing, shall include a statement of reasons for the order and shall be filed as provided under s. 117.17 (2). If the board orders territory detached from one school district and attached to an adjoining school district, the reorganization shall take effect on the following July 1.

**History:** 1989 a. 114, 287.

Sub. (1) allows the detachment of "island" parcels from school districts that adjoin. A detached parcel need not adjoin the school district to which it is attached. *Stockbridge School Dist. v. DPI*, 202 Wis. 2d 214, 550 N.W.2d 96 (1996), 94–1867.

**117.13 Detachment and attachment of small territory initiated by school boards.** (1) **APPLICATION.** This section applies to the detachment of territory from one school district and

its attachment to an adjoining school district if all of the following apply:

(a) The assessed value of the territory proposed to be detached from one school district and attached to an adjoining school district, divided by the assessment ratio of the taxation district, is less than 7 percent of the equalized valuation of the school district from which the territory is proposed to be detached.

(b) Less than 7 percent of the enrollment of the school district from which the territory is proposed to be detached resides in the territory proposed to be detached from that school district.

**(2) SCHOOL BOARD ACTION.** The school boards of 2 adjoining school districts may order territory detached from one of the school districts and attached to the other school district by the adoption, by each of the school boards, of a resolution ordering the detachment and attachment. The resolution shall include a description of the territory sufficiently accurate to determine its location in the school district in which it is located, as certified by the clerk of each city, village or town within which all or any part of the territory is located, and the number of pupils residing in that territory who, on the most recent of the preceding 3rd Friday of September or 2nd Friday of January, were enrolled in the school district from which the territory is proposed to be detached, as certified by the clerk of that school district. Prior to adopting a resolution under this subsection, the school board of each affected school district shall give the electors residing in and the owners of the territory notice of the proposed reorganization and an opportunity to meet with the school board to present reasons for or against the proposed reorganization. The school district clerk of each school board that adopts a resolution under this subsection shall, within 5 days after adopting the resolution, send a certified copy of the resolution to the school board of the other affected school district and file a certified copy of the resolution as provided under s. 117.17 (2). If the school board of each of the affected school districts adopts a resolution ordering the detachment and attachment, the reorganization shall take effect on the first July 1 after the March 1 following the adoption of the resolutions, unless an appeal is filed under sub. (3).

**(3) APPEAL TO PANEL.** A majority of the electors residing in or the owners of 50 percent or more of the territory detached from one school district and attached to an adjoining school district under sub. (2) may appeal the reorganization to an appeal panel by filing notice of appeal with the secretary of the board before the first March 15 following the adoption of the resolution under sub. (2). The secretary of the board shall send a copy of the notice of appeal to the school board of each affected school district. If an appeal is filed under this subsection, the appeal panel shall issue an order detaching all or any part of the territory described in the resolution adopted under sub. (2) from the school district in which it is located and attaching it to the adjoining school district, or denying the reorganization. The order shall be issued before the June 15 following the filing of the notice of appeal. The order shall be in writing, shall include a statement of reasons for the order and shall be filed as provided under s. 117.17 (2). If the appeal panel affirms the school boards' order, the reorganization shall take effect on the following July 1.

### 117.132 Territory annexed to certain municipalities.

**(1) APPLICATION.** This section applies to the proposed attachment to a school district of territory that is located wholly in a county with a population of more than 325,000 and less than 750,000.

**(1m) DEFINITIONS.** In this section:

(a) "Annexed" means annexed or attached under s. 66.0217, 66.0219, 66.0221, 66.0223, 66.0225, 66.0227, 66.0301 (6), or 66.0307.

(b) "Less than 50 percent of the land in the annexed territory is developed" means that on the date of annexation, less than 50 percent of the land in the annexed territory, as measured by geographic area, is occupied by permanent improvements, including

buildings, streets, sidewalks, parking lots, driveways, sewers or utilities, or is incidental to such improvements.

(c) "Municipality" means any city or village any portion of which is located in a county that has a population of more than 325,000 and less than 750,000.

(d) "Municipal school district" means a school district whose territory includes more than 50 percent of the territory of a municipality, as measured by geographic area.

**(2) INITIATION OF PROCEDURES.** (a) If territory is annexed to a municipality, the territory is not included in the municipal school district and less than 50 percent of the land in the annexed territory is developed, the school board of the municipal school district may adopt a resolution requesting the school board of the school district in which the annexed territory is located to meet with it to discuss the detachment of the annexed territory from the school district in which it is located and its attachment to the municipal school district. The resolution shall include a description of the territory sufficiently accurate to determine its location in the school district in which it is located, as certified by the clerk of the annexing municipality. The clerk of the municipal school district shall send a certified copy of the resolution to the school board of the school district in which the annexed territory is located, to all owners of territory located in the annexed territory and to the secretary of the board.

(b) If territory is annexed to a municipality and the territory is not included in the municipal school district, the owners of more than 50 percent of the annexed territory, as measured by its assessed valuation divided by the assessment ratio of the taxation district, may file a written petition with the clerk of the school district in which the territory is located requesting the detachment of the annexed territory from the school district in which it is located and its attachment to the municipal school district. The petition shall include a description of the territory sufficiently accurate to determine its location in the school district in which it is located, as certified by the clerk of the annexing municipality. Upon receipt of the petition, the school district clerk shall send a certified copy of the resolution to the school board of the municipal school district, to all owners of territory located in the annexed territory and to the secretary of the board.

**(3) SCHOOL BOARD ACTION.** In the first July beginning after the adoption of a resolution under sub. (2) (a) or the receipt of a petition under sub. (2) (b), the school boards of the affected school districts may order the territory detached from the school district in which it is located and attached to the municipal school district by the adoption, by each of the school boards, of a resolution ordering the detachment and attachment. Failure of a school board to adopt a resolution before August 1 either ordering or denying the detachment and attachment constitutes a denial of the reorganization by that school board. The school district clerk of each school board adopting a resolution under this subsection that orders or denies the reorganization shall, within 5 days after adopting the resolution, send a certified copy of the resolution to the school board of the other affected school district and to each of the owners of territory in the annexed territory and file a certified copy of the resolution as provided under s. 117.17 (2). If the school board of each affected school district adopts a resolution under this subsection ordering the detachment and attachment, the reorganization shall take effect on the following July 1.

**(4) BOARD REVIEW.** (a) The board shall review a reorganization proposed under this section if one of the following occurs:

1. Less than 50 percent of the land in the annexed territory is developed, one of the school boards under sub. (3) adopts a resolution ordering the reorganization, the other school board denies the reorganization and, before the following September 1, either of the school boards files a petition with the secretary of the board requesting board review of the proposed reorganization.

2. Before the September 1 following the granting or denying of the proposed reorganization under sub. (3), the owners of more than 50 percent of the annexed territory, as measured by its

assessed valuation divided by the assessment ratio of the taxation district, file a petition with the secretary of the board requesting board review of the proposed reorganization.

(b) If a petition requesting review is filed under par. (a) 1., the secretary of the board shall immediately notify the school board of the other affected school district and each of the owners of territory in the annexed territory. If a petition requesting review is filed under par. (a) 2., the secretary of the board shall immediately notify the school board of each affected school district. Before the following January 15, the board shall issue an order either affirming the denial of the proposed reorganization or detaching all or part of the annexed territory described in the resolution or petition under sub. (2) from the school district in which it is located and attaching it to the municipal school district. The board's order shall be in writing, shall include a statement of reasons for the order and shall be filed as provided under s. 117.17 (2). If the board orders territory detached from the school district in which it is located and attached to the municipal school district, the reorganization shall take effect on the following July 1.

**117.14 Appeal to court.** (1) Any person aggrieved by the denial of a consolidation under s. 117.08 (2) or 117.09 (2), the granting of a detachment and attachment of territory under s. 117.11 (3) or any order of the board or an appeal panel under this chapter may, within 30 days after copies of the order are filed with the secretary of the board under s. 117.17 (2), appeal the order to a circuit court as follows:

(a) If the order is issued under ss. 117.08, 117.09 or 117.10, the appeal shall be filed with the circuit court of any county in which any territory of any affected school district is located.

(b) If the order is issued under ss. 117.105 to 117.132, the appeal shall be filed with the circuit court of any county in which any of the territory proposed to be detached from one school district and attached to, or included in, another school district is located or with the circuit court of any county in which any territory of the school district to which the territory is proposed to be attached, or the school district that is proposed to be created, is located.

(1m) Any person aggrieved by an order resolving a boundary dispute under s. 117.35 (3) may, within 30 days after copies of the order are filed with the secretary of the board under s. 117.17 (2), appeal the order to circuit court. The appeal shall be filed with the circuit court of any county in which any portion of the disputed territory is located.

(2) A person appealing under this section shall serve a written notice of appeal stating specifically the grounds upon which the appeal is based on the secretary of the board and file the notice with the clerk of the circuit court.

**History:** 1989 a. 114, 287; 1997 a. 286; 1999 a. 18.

**117.15 Criteria for school district reorganizations.** In making any decision under ss. 117.08 to 117.132, a school board, the board and an appeal panel shall consider the following factors as they affect the educational welfare of all of the children residing in all of the affected school districts, and may consider other appropriate factors:

(1) The geographical and topographical characteristics of the affected school districts, including the estimated travel time to and from school for pupils in the school districts.

(2) The educational needs of all of the children residing in the affected school districts, the educational programs currently offered by each affected school district and the ability and commitment of each school district to meet those needs and continue to offer those educational programs.

(2m) If territory is proposed to be detached from one school district and attached to an adjoining school district or proposed to be included in a new school district under s. 117.105, whether the proposed detachment will have any adverse effect on the program currently offered by the school district from which the territory is

proposed to be detached, including both curricular and extracurricular aspects of that program.

(3) The testimony of and written statements filed by the residents of the affected school districts.

(4) The estimated fiscal effect of the proposed reorganization on the affected school districts, including the effect of the apportionment of assets and liabilities.

(5) Whether the proposed reorganization will make any part of a school district's territory noncontiguous.

(6) The socioeconomic level and racial composition of the pupils who reside or will reside in territory proposed to be detached from one school district and attached to an adjoining school district, in territory proposed to be included in a new school district under s. 117.105 or in school districts proposed to be consolidated or in a school district proposed to be dissolved; the proportion of the pupils who reside in such territory who are children at risk, as defined under s. 118.153 (1) (a); and the effect that the pupils described in this paragraph will have on the present and future socioeconomic level and racial composition of the affected school districts and on the proportion of the affected school districts' enrollments that will be children at risk.

(7) The results of any referendum held under s. 117.10.

**History:** 1989 a. 114, 287; 1997 a. 286.

On review of a decision under this section, the only issues to be considered are whether the reorganization authority acted within its jurisdiction and whether the determination was arbitrary and capricious. While an authority is bound to consider all the factors enumerated in this section, it may consider information from other sources, including matters within its knowledge and expertise. *School District of Waukesha v. School District Boundary Appeal Board*, 201 Wis. 2d 109, 548 N.W.2d 122 (Ct. App. 1996), 95–0905.

(a) Assets and liabilities are assigned to the school districts under s. 66.0235 on the effective date of the reorganization.

(b) 1. Any employee of the school district from which territory is detached who is laid off as a result of the reorganization has priority over other persons, except employees of the school district to which the territory is attached and former employees of that school district who were laid off from that school district, for 3 years after the effective date of the reorganization for new positions and vacant positions for which he or she is qualified in the school district to which the territory is attached.

2. Any person who wishes to exercise his or her priority under subd. 1. shall notify the school district to which the territory is

attached, in writing, that he or she wishes to be considered for any new position or vacant position and shall include in the notice the address to be used by the school district to notify the person of such positions.

(3) **DISSOLUTIONS.** If the board affirms the school board's dissolution order under s. 117.10 (4), the board's order shall specify that either sub. (1) (d) 1. or (2) (b) applies to employees of the dissolved school district and shall identify the other school district or school districts that shall be treated as the new consolidated school district or school district to which territory is attached for the purposes of sub. (1) (d) 1. or (2) (b). If the board's order identifies more than one such school district, it shall also identify which of the employees of the dissolved school district become employees of which of the identified school districts under sub. (1) (d) 1., or have priority for employment in which of the identified school districts under sub. (2) (b).

(4) **CREATIONS.** When a school district is created under s. 117.105, all of the following apply:

(a) Any employee of a school district from which territory is detached by the reorganization who is laid off as a result of the reorganization has priority over other persons for 3 years after the effective date of the reorganization for new positions and vacant positions for which he or she is qualified in the school district that is created by the reorganization.

(b) Any person who wishes to exercise his or her priority under par. (a) shall notify the school district that is created by the reorganization, in writing, that he or she wishes to be considered for any new position or vacant position and shall include in the notice the address to be used by the school district to notify the person of such positions.

The relief afforded in sub. (2) (b) applies to teachers laid off after May 8, 1990 as the result of reorganization, regardless of the authority under which the reorganization was initiated. Laid off teachers may maintain a private action for damages for a violation of sub. (2) (b), as that provision creates a right to hiring priority, but not a remedy. *Anderson v. School District of Ashland*, 181 Wis. 2d 502, 510 N.W.2d 822 (Ct. App. 1993).

**117.27 Change of district type.** (1) A common or union high school district may be changed into a unified school district, a unified school district operating only high school grades may be changed into a union high school district, and a unified school district operating only elementary grades or both elementary and high school grades may be changed into a common school district, if at least 30 days prior to the spring election a petition conforming to the requirements of s. 8.40 requesting the change is filed with the school district clerk signed by at least 10 percent of the electors residing in the school district. The validity of the petition shall be governed by the rules promulgated under s. 8.40 (3).

(2) (a) The petition shall state that the school board of the predecessor school district shall become the first school board of the successor school district. Upon receipt of the petition, the school district clerk shall publish a class 1 notice, under ch. 985, of the filing of the petition. The notice shall include the date, time and place at which the school board shall hold a public hearing on the proposed change. The public hearing shall be held at least 7 days prior to the date of the spring election.

(b) The school district clerk shall include in the notice of the spring election a statement that the election ballot will include a question on the change requested by the petition. The form of the ballot shall correspond to the form prescribed by the elections commission under ss. 5.64 (2) and 7.08 (1) (a) and the question on the ballot shall be:

“Shall the .... (name of school district) be a .... (type of school district structure set forth in the petition)?

Yes .... No ....”

(3) If a majority of the electors voting at the spring election vote in favor of the change, the school board shall issue an order of school district reorganization effective on the July 1 following

the spring election. A certified copy of the order shall be filed as provided under s. 117.17 (2).

(4) When the type of school district is changed, all property, assets, claims, contracts, liabilities and obligations of the predecessor school district become the property, assets, claims, contracts, liabilities and obligations of the successor school district.

### 117.30 Attachment upon failure to operate school.

(1) (a) Except as provided under pars. (b) to (d), if a school district for 2 or more successive years has failed to operate sufficient classes at each grade level to provide all pupils who reside in the school district an opportunity to attend class at the appropriate grade level, the board shall attach the territory of the school district to one or more school districts that do so. Within 60 days of the date on which a school district becomes subject to this section, the state superintendent shall so notify the school district clerk and the clerk of each municipality in which part of the school district lies. Prior to August 30 of the year in which the school district becomes subject to this section, the board shall issue an order of school district reorganization attaching the school district to one or more operating school districts. Orders issued under this section take effect upon being filed as provided in s. 117.17 (2). The school board of each district to which any territory is attached under this section shall levy and collect a special tax against the property in the territory so attached for such amount as is payable for tuition and transportation, at the time of the attachment, by the school district in which the attached territory was located prior thereto, in the proportion that the equalized valuation of the attached territory bears to the total equalized valuation of the school district in which such territory was located prior to such attachment.

(b) Before the end of the first school year beginning after the effective date of a reorganization under s. 117.105, the school board of the school district created by the reorganization may request the department to extend the 2-year time period under par. (a) by one year. The department may grant the extension, and may renew the extension for additional one-year periods, if the department determines that the school board has adequate plans and is making adequate progress toward operating sufficient classes at each grade level to provide all pupils who reside in the school district an opportunity to attend class at the appropriate grade level.

(c) If a school district created under s. 117.105 fails to operate sufficient classes at each grade level to provide all pupils who reside in the school district an opportunity to attend class at the appropriate grade level before the end of the first school year beginning after the effective date of the reorganization under s. 117.105, plus the period of any extension granted under par. (b), the board's order under par. (a) shall reattach the territory of the school district to each of the school districts from which the territory was detached by the reorganization under s. 117.105, unless the school district from which the territory was detached is no longer an operating school district.

(d) Paragraph (a) does not apply if the school district fails to operate one or more grades but provides for their operation by another school district pursuant to a whole grade sharing agreement under s. 118.50.

(3) If an order issued under this section is voided, the nonoperating school district shall arrange for the attendance of its pupils at the schools of one or more other school districts on a nonresident tuition basis, and shall provide transportation to and from such schools by the methods provided in s. 121.55 for all of its pupils who reside 2 miles or more from the school they attend. Until a valid order has been issued, the nonoperating school district may use such funds on hand as have been raised or appropriated for operation and maintenance or levy taxes to pay for such tuition and transportation. If an order is voided, the board shall

issue new orders of school district reorganization within the succeeding year.

### 117.35 School district boundary disputes. (1) SCHOOL BOARD ACTION.

(a) If there is a boundary dispute, the school boards of the interested school districts may resolve the dispute by the adoption, by each of the school boards, of a resolution resolving the dispute. Before adopting such a resolution, the school boards jointly shall notify the electors residing in and owners of real property located in the disputed territory by certified mail. The notice shall include a description of the territory, as certified by the clerk of each city, town or village within which all or any part of the territory is located, shall indicate that the school boards are considering resolving the boundary dispute and shall specify the time and place of the school board meeting at which the boundary dispute will be discussed.

(b) Each of the resolutions adopted under par. (a) shall include a legal description of the territory in dispute and a legal description of that portion of the disputed territory that is to be included in each interested school district. The school district clerk of each school board that adopts a resolution under this subsection shall, within 5 days after adopting the resolution, send a certified copy of the resolution to the school board of each of the other interested school districts, file a certified copy of the resolution as provided in s. 117.17 (2) and notify the electors residing in and owners of real property located in the disputed territory. If the school board of each of the interested school districts adopts a resolution under this subsection, the resolution of the dispute shall take effect on the first July 1 after the March 1 following the adoption of the resolutions.

(2) REQUEST FOR RESOLUTION. (a) If there is a boundary dispute, the school board of any interested school district may submit a written request to the board for the resolution of the boundary dispute. The request shall state the particulars of the boundary dispute, including a legal description of the territory involved and the names of all interested school districts. The school board making the request shall send a copy of the request by 1st class mail to each interested school district at the time that the request is submitted to the board.

(b) Upon receipt of a request under par. (a), the board shall determine or request the school boards of the interested school districts to provide all of the following:

1. A description of the territory in dispute, as certified by the clerk of each city, town or village within which all or any part of the territory is located.

2. The number of pupils residing in the disputed territory who, on the most recent of the preceding 3rd Friday of September or 2nd Friday of January, were enrolled in each interested school district.

(3) ORDER. (a) Unless the school boards of the interested school districts have resolved the boundary dispute under sub. (1), within 60 days after receipt of a request under sub. (2) (a) the board shall issue an order resolving the boundary dispute. The board shall send a certified copy of the order to the school board of each interested school district and shall file a certified copy of the resolution as provided in s. 117.17 (2). The order shall take effect on the following July 1 unless the board stays the effective date of the order until the 2nd following July 1.

(b) In making a decision under par. (a), the board shall consider and give the greatest weight to decisions made previously by the board or any predecessor body. The board shall also consider the criteria specified in s. 117.15 and other evidence, including applicable property tax records.

(c) If the order under par. (a) takes effect on the following July 1, the board may specify in the order that pupils residing in the disputed territory may continue to attend school in the school district that they are attending before the order takes effect until the July 1 following the effective date of the order. The board shall
