# Your partner in travel-based learning

EF Education First is the world leader in international education. For over 55 years, we've partnered with educators around the world to help more than 15 million students gain new perspectives and build skills for the future through experiential learning.

Our mission is to empower educators to do their best work. At EF Educational Tours, we're working to define the modern educational tour experience. Our itineraries are more than places to go and things to see. We build programs that challenge assumptions, spark connections, and inspire curiosity in young students. Students will expand their knowledge of the world around them, discover more about themselves, grow more confident and independent, and understand new people, places, and cultures.

We take care of every last detail of the tour experience—transportation and lodging, meal reservations and menus, museum tickets and local tour guides, and much more. That also includes behind-the-scenes elements, like safety checks at hotels and background checks on adult travelers. With all that taken care of, educators and students can focus on the bigger picture.

You'll find all the details and more on the next few pages.

# What's contained in

Your students' safety is our number one priority. We would never send a traveler to a location we believe to be unsafe—and with our extensive global presence, our best-in-the-industry experience, and our close working relationships with U.S. and international authorities, that's a statement we can back up with real insight. Whether it's a worldwide pandemic or a sprained ankle, a missed flight or confusing medical paperwork, we make sure every situation is taken care of.

#### Worldwide presence

EF's global presence is truly unmatched. We have staff on the ground 365 days a year in over 50 countries. And we don't just work in those countries—we call them home. EF team members live in nearly every one of our tour destinations, meaning we have the local knowledge to help keep our groups safe. That presence allows us to be there to support you on the ground wherever and whenever you need us.

#### 24/7 emergency support

In the event that anything on tour goes wrong, EF staff is always available to help. Your Tour Director is your group's constant companion and first point of contact in an emergency. Additionally, our fully trained support teams are on hand 24/7 to walk teachers through any issues and provide the resources necessary to get things back on track. Our Safety and Incident Response Team—comprised of industry experts, healthcare experts, and even former FBI personnel—is ready to spring into action 24 hours a day, 365 days a year. And when they aren't directly helping EF travelers, they're actively innovating on and shaping the new worldwide standards for cleanliness and safety.

#### Your team

This group is fully committed to your school's trip and the safety of every traveler.

#### **Operations Safety & Incident Response**

**Team** – This team is strategically based in our Boston, Panama, Tokyo, and Zurich offices to accommodate for all time zones. Available 24 hours a day, every day of the year, they are trained to react quickly if travelers need help. The team uses a combination of extensive training, simulations, incident response planning, and previous experience to manage emergencies. As needed, they can facilitate additional support for groups on tour, solve operational issues, arrange assistance from outside specialists, and liaise with local and international authorities.

#### Emergency Services & Support Team -

Our support team is available 24/7 to help resolve any issue, from a missed flight to a lost passport to more serious on-tour incidents. They also facilitate communication between travelers and families in the event of an emergency at home. The team is made up of highly trained and dedicated EF staff in our Boston and Denver offices who are equipped to solve problems and answer questions that may come up, even outside of regular business hours.

Tour Director – Assigned exclusively to your tour for the length of the stay at your destination, your Tour Director meets your group at the airport and travels with you until your departure. All Tour Directors undergo a background check as permissible by local law every two years and are required to participate in ongoing EF safety trainings. They're the first point of contact in an emergency and also communicate information to help travelers stay safe in a foreign destination. Tour Directors assist Group Leaders with hotel check-ins, coordinate meals, facilitate excursions with local guides, and much more. They're also culturally connected and expertly trained to support impactful learning experiences. EF Travel Team - This team is your point of contact at EF. This team is a dynamic duo, made up of a Tour Consultant and an

Experience Specialist. Your Tour Consultant is an itinerary whiz & is devoted to the growth of your students. They are your school's partner, working with you on everything from finding the perfect tour and enrolling students to creating long-term travel programs for your school community. Your Experience Specialist is here to dive into all the little details that make your experience with EF special. They will work directly alongside the Group Leader (a.k.a. local teacher), right up until the moment of departure to make sure everything goes smoothly.

*Traveler Support* – Our team of support specialists are readily available to walk families through insurance inquiries, payment plans, food allergy issues, and any other topics that arise.

**Chaperones** – For every six travelers who enroll on your school's tour, your group is eligible to bring along a chaperone for free (the first spot goes to the Group Leader). This allows for a 6:1 ratio of students to chaperones, who assist Group Leaders with supervision of students to help keep them safe

# **Protection for travelers, schools, and districts**

We understand that unpredictable things can happen, either on tour or before departure. We offer a variety of protections, programs, and policies to make sure that, no matter what happens, travelers, schools, and districts are covered. We're doing everything we can to make planning for the future as flexible as possible.

#### **General liability insurance**

All Group Leaders, schools, and districts who travel with EF are automatically added as additional insureds under our **\$50 million General Liability Policy**, regardless of whether or not the tour is affiliated with the school. EF's liability coverage is primary and non-contributory for covered third-party claims. The policy helps safeguard Group Leaders and their schools for covered third-party claims related to bodily injury or property damage, which includes providing a legal defense and covering legal costs for such claims. In addition, all travelers are required to sign EF's Release and Agreement, which includes a release of liability of their Group Leader, school, and school board.

#### Flexibility to change tours

The world is always changing. And while our belief in the positive impact of travel is unwavering, it can feel hard to predict what life, here in the U.S. and abroad, will look like several months, a year, or even two years from now. When you decide to travel with EF, we want you to feel secure in that decision. That's why these benefits are built into every EF program.

#### **Peace of Mind**

#### Provided to all groups

We understand that plans can change due to unforeseen circumstances. EF provides this exclusive program to account for such situations. It provides groups with flexibility to change the dates and destination of their tours in uncertain times. This program accounts for such circumstances and can be enacted up to 45 days prior to departure at the group level for any reason, including terrorism or other world events.

#### **COVID Care Promise**

#### Provided to all groups

If your child is diagnosed with COVID-19 while on tour, we will coordinate and facilitate support services and logistics including translation services, connections with local health care providers, communication with family, and flights home at no additional cost.

#### **Protection for individual travelers**

Travelers can help protect their investment and themselves from certain unexpected events and expenses while on tour with the Global Travel Protection Plan and Global Travel Protection Plan Plus.

#### **Global Travel Protection Plan**

#### Available to all travelers

Designed specifically with EF travelers in mind, this plan provides both pre-departure and post-departure benefits, including medical expense coverage that may apply on tour and tour cancellation for specified reasons.

#### **Global Travel Protection Plan Plus**

#### Available to all travelers

To further protect your investment from the unexpected, this plan provides all of the benefits included in the Global Travel Protection Plan as well as expanded cancellation protection.

#### **Background checks for adult travelers**

EF requires all adults (20 years and older) to pass a criminal background check before traveling on our student tours. This provides a safer tour experience for all travelers and aligns with the process and expectations of many school districts for adults who volunteer in schools or chaperone school activities. The secure process, provided by a leading professional provider, only identifies those individuals who could present a risk to student travelers while on tour.

# Affordability

We believe every student should have the opportunity to travel. That's why we're dedicated to providing the lowest prices possible and giving travelers multiple resources for managing payments.

Tour Consultants work closely with teachers to build a tour that's exactly right for your students. Through discussions with your teacher, they take into account learning objectives, cost, timing considerations, and any other factors to craft a tour that's accessible to as many students as possible.

### **Resources for managing cost and payments**

Automatic Payment Plan – Our recommended payment plan offers the ability to break the tour fee into smaller installments. With most tours planned well in advance, travelers can enroll for only \$95, then pay over a long period of time—often up to 18 months or two years—with final payment due 30 days before departure. Families make payments directly to EF, with no payments going through the school.

*Fundraising pages* – Each student has access to their own unique and customizable fundraising page. The easy-to-share page makes it simple for friends and family to contribute a little something that is automatically applied to the balance of the tour, with no fees whatsoever.

# How I can help with next steps

My name is Hailey Winterton and I am Oregon High School's dedicated Tour Consultant. That means I'll be working with Jillian Beaty every step of the way to make sure everything is perfectly planned.

As we move forward in this process, here are some notes to keep in mind:

- 1. EF has partnered with educators in the school for years and helped run educational tours.
- 2. These tours are not school sponsored or connected with the district in any way.
- 3. As mentioned earlier in the document, EF provides liability coverage that protects the school, district, and any adult chaperone.
- 4. EF has over 55 years of experience, and follows the strictest policies in regards to health, and safety of our travelers while on tour.

I hope this overview has given you the information you need to feel confident in EF as an educational travel provider. Should you have any questions or need any additional information, please don't hesitate to reach out to me directly. EF is excited to partner with your school to bring this lifechanging experiential learning opportunity to your students.

Sincerely, Hailey Winterton Territory Manager Hailey.Winterton@EF.com

[ADD ANY ADDITIONAL NOTES IN THIS SECTION]

"I am now more confident than ever in the safety and experiences of my students after working with EF on this trip. As a leader, I am committed to ensuring a global mindset throughout my district and student/teacher travel."

## Angela M., Administrator, Brunswick, ME

"I advocate for travel because the world is vast and diverse. If we want to truly understand our neighbors in other states or countries, we must reach out and meet them where they live. Travel provides a glimpse into another world that our students may have Googled or watched on a device, but living it with the smells, food, smiles, and various challenges teaches flexibility, tolerance, understanding, and empathy."

- Chuck C., Group Leader, Central, SC

## From a single tour to a whole program

A single tour can open up endless possibilities for a small group of students. Our goal at EF is to bring that experience to as many students as possible, including the broadest collection of students at your school. By progressing from a single tour to a consistent travel program, you'll not only build a culture of exploration, but you'll provide the opportunity of travel to even more students. We can work directly with you and your staff to establish a framework for your travel program that's tailored specifically to your school's needs and goals.

#### OREGON SCHOOL DISTRICT 2023-24 School Year

<u>X</u> Action Discussion Information

TO:Board of EducationFROM:Dr. Leslie BergstromDATE:October 9, 2023

#### AGENDA ITEM: C1 - Co-Curricular Schedule 2023-24

INITIATED BY: Dr. Leslie Bergstrom SUBMITTED BY: Dr. Leslie Berstrom, Andrew Weiland and Jina Jonen

#### SUPPORTING DATA

One of the Board's five values is the Whole Child Emphasis, summarized in The Path Forward as:

Our District's long-standing emphasis on ensuring each child is healthy, safe, engaged, supported and challenged is reaffirmed. "The Four C's" remain our measures of success. An Oregon School District education will continue to encompass all subjects as academic for a well-rounded education. The school day and **co-curricular activities** can offer numerous opportunities for students to exercise autonomy and grow. District support for our students' mental health and emotional well-being will continue to be emphasized. (Emphasis added.)

As articulated above, a critical component to the Whole Child Emphasis is participation in the robust cocurricular offerings provided by the Oregon School District.

The District currently offers over 100 different co-curricular activities, the vast majority of which are coached or led by District teachers and staff. Approximately 85% of our students in grades 7-12 participate in at least one co-curricular activity or sport.

This fall, as part of the meet and confer process, the District and the Oregon Education Association met to discuss the Co-Curricular Schedule because the schedule had not been increased since 2016, and improving the schedule was part of the 2022 Operational Referendum.

The proposed Co-Curricular Schedule is attached as Appendix A. We recommend adding the cocurricular activities in yellow. We also recommend increasing the salaries by 2%.

The cost of the recommended Schedule is approximately \$75,000. (This number does not include adding Lacrosse as previously approved by the Board.) This will be funded through the 2022 Operational Referendum. We recommend that the new schedule go into effect retroactive to August 28, 2023. This will include all fall sports.

#### SUMMARY AND RECOMMENDATION:

The Board approve the recommended Co-Curricular Schedule in Appendix A retroactive to August 28,

2023, to help retain and recruit high quality coaches and activity advisors.

<u>X</u> Action Discussion Information

TO:Board of EducationFROM:Dr. Leslie Bergstrom, SuperintendentDATE:October 9th, 2023

#### AGENDA ITEM: C2 2023-24 Conditions of Payment for Transportation

INITIATED BY: Transportation Contractors SUBMITTED BY: Andy T. Weiland Business Manager & Larry Mayo, Transportation Director BOARD POLICY OR STATUTORY REFERENCE:

#### **SUPPORTING DATA:**

Each year the transportation contractors ask to meet about changes to the conditions of payment. This process was started in June of 2023 this year. With several new contractors, this year the negotiation took a bit longer to share the history from our more experienced contractors as well as new thinking from the newer contractors. The group is experiencing some of the same labor challenges that many organizations are experiencing in addition to concerns with equipment repair and replacement.

The way that we compensate our contractors is through a document called the Conditions of Payment. This document defines the costs associated with services provided by the contractors along with some safety measures and other quality standards that the district has set over the years. Some of these costs change based on the cost of diesel and unleaded fuel on a monthly basis. This year we are starting at a significantly lower cost for diesel fuel than last year which should help the budget. The intent is for these adjustments to take place as of July 1st, 2023 if approved.

The main adjustments requested and recommended in the Conditions of Payment are as follows:

- **Bus size** We will change the size from 74 passenger to 72 passenger as a way to save contractors money related to the premium being charged for one extra seat.
- New bus incentive If a contractor buys a bus that is two years old or less, the contractor can request the new bus incentive for the years remaining on the new bus incentive period. (Example: if the contractor buys a 1 year old bus from someone, they would be eligible for the remaining year of the 2 year incentive)
- Hourly pay All hourly pay will be at \$20.90/hour for 23-24
- Summer Semester contractors will get 2 hours of pay plus mileage and the shuttle fee of <sup>1</sup>/<sub>2</sub> the regular daily base amount as indicated in section B.

 $\frac{1}{2}$  of section B base rate for a 72-77 passenger capacity bus is .5 x 159.44 = 129.72/day.

- 4K Noon Route charge goes from \$39 to \$75 route fee + mileage. There is no hourly charge.
- **Base mileage** The base mileage rate goes from \$1.114/mile to \$1.27/mile or a \$0.156 increase per mile. The lower rate goes from \$1.057 to \$1.213/mile
- **Premium pay** New Section related to "Premium Pay" for days when school is not in session (summer semester is considered in session). This includes breaks (winter, spring), weekends and holidays. Base pay will be \$125/day instead of \$85 and hourly pay will go from \$20.90 to \$30/hour. 40 miles of mileage is built into these rates. After 40 miles, mileage is added to the trip fee.
- **Discontinuation notice** New Section that provides contractors \$500/route for official notification by January 1st for the following contract year of discounting a bus contract. This is important because of the bus driver and equipment lead times required to replace these important elements of our system.

The estimate for implementing the adjustments above is approximately \$147,000. While this is over the \$100,000 allocated in the referendum, the rationale related to vehicle costs and maintenance were well founded. We will be using additional revenues from projected recurring interest earnings and medicare reimbursements to financially support this additional increase.

It should be noted that the Business Office is currently in the process of reorganizing the Conditions of Payment document. Language will not be changed. The intent is to organize the language into logical sections and provide headings for easy reference. Once complete, the Business Office will share the new format with the contractors to ensure understanding and agreement. The hope is that this project will be completed prior to the winter break.

While we have been able to meet our needs with routes and trips so far this year, the system continues to be stressed with full bus ridership, increased numbers of required special needs transportation, and higher numbers of participants in our sporting programs. Our transportation contractors are essential partners, and we are seeking to provide them with the support and resources they need to safely transport our students to and from home, school, events and activities. Because of these stressors on the transportation system as well as the labor concerns previously mentioned, it will be important throughout this school year to spend time strategically considering how to adjust our rather unique system of transportation in Oregon to meet the needs of our community in the future.

#### SUMMARY AND RECOMMENDATION:

It is recommended that the Board of Education approve the 2023-24 Transportation Conditions of Payment as presented.

#### G) Miscellaneous Provisions

#### **Emission Requirements**

The following criteria is based on new emission requirements, starting with 2010 model year

buses, the purchase price will be substantially increased.

- When a contractor purchases a new 2010 or newer bus (the model year is same as current year or newer), equipped with diesel exhaust fluid (DEF), the school district will pay the contractor \$2,000.00 upon delivery
- The contractor will also receive the (DEF) daily base rate for two years. After two years, the base rate reverts to the non (DEF) base rate.
- District expectations are that the contractor will use the (DEF) bus for a minimum of four years. If traded in for a new (DEF) bus prior to four years, the contractor will not be eligible for the district's cost sharing program.
- If a contractor sells their new(DEF) bus to parties outside the district in the first four years, and is not replaced with a new(DEF) bus. The contractor will repay the cost sharing amount paid to them, back to the district.
- If a contractor retires during the four year period, and the (DEF) bus remains in the fleet, no cost sharing repayment to the district is required
- For budget planning, notification of a new (DEF) bus purchase is to be given to the transportation director. The district may limit the number of new (DEF) bus purchases by the contractors to three (3) per year.
- If a bus less than two years old is purchased, a prorated amount of the DEF incentive will be provided. (Example: In July of 2023, a 2022 bus is purchased, the contractor will get the \$2,000 payment and the increased mileage rate for one additional school year.)

#### Environmental Sustainability

Oregon School District Board Policy 139 states, "The District will continue to develop building and operational practices and procedures that reflect a commitment to environmental sustainability."

The Oregon School District is interested in exploring alternative fueled buses, and would entertain discussions with all Bus Contractors on how to make this feasible and accessible to you.

If you are interested, please reach out to the Director of Transportation to discuss possible incentives and programs the district or other organizations may have.

#### Mileage, Rates & Fuel Adjuster

Daily Base Rate = covers fixed costs of operation: Principal, Interest, taxes, Insurance, and Storage.

Daily Mileage Rate = covers variable costs of operation: Fuel, Oil, Tires, Repairs, Supplies, License, Legal, Utilities, Wages, FICA, WC, and Unemployment.

Fuel Adjuster = an escalator table created to absorb the impact of fluctuations in fuel prices. The adjuster increases or decreases in \$.01 increments for each \$.05 increase or decrease at the pump. For example, if the price of diesel fuel at the pump is in a range of \$1.41 to 1.45/gallon, the escalator rate would be \$0.23 for a diesel bus. RE: Base contract rate of 1.213057 /mile plus 0.23/mile

#### Drug/Alcohol Testing

The Oregon School District has a policy that requires testing for illicit drugs and alcohol. The School District is part of a consortium with Bellin Hospital in Green Bay to comply with requirements of Federal and State Laws, including but not limited to OSHA standards and Wisconsin Department of Transportation regulations. Alcohol testing is done through a Saliva Test Screen procedure. The contractors are responsible for contacting and registering with Bellin Health so that they can continue to have random drug screenings per DOT policy. Contractors can confirm with Bellin Health on which location that testing can be done. contractors are responsible to have t All drug/alcohol tests are to be performed (at a Clinic designated by the Director of Transportation). The Oregon School District shall pay for the following testing e initial drug/alcohol tests for drivers in a calendar year. All tests thereafter are the contractor's responsibility. Testing procedures are: Pre-Employment, Reasonable Suspicion, Periodic, Random and Post-Accident. . Further explanation of these can be found by referring to the actual policy.

#### Inclement Weather /Virtual Days (aka Emergency Closure Days)

After the first three days that school is canceled or held virtually ceontractors will only be paid the daily base rate up to 176 contract days.-on-snow days. The fuel escalator clause and the daily mileage rate will not be paid. If there are make-up days added to the school year, the contractors will be paid the escalator clause and daily mileage rate for the additional days. If there is more than one snow day in a month the district will deduct over a two or three month period at the contractors request.

Road Condition Checks – Contractors who are asked to check roads on inclement days will be paid \$100.00 per school year. Payment will be made in May each year.

Registration — Contractors who are asked and attend the district registration will be paid \$12.00/hour or up to \$75.00 per day. Payment will be made in September each year.

#### Health Checks

The contractor/drivers will be responsible to pay for their own physical exams including the eye exam. Background checks will be conducted by the Oregon School District on <u>all</u> drivers as part of their initial application and any other time as deemed necessary by the Oregon School District at District cost. Hepatitis inoculation will be available but not required.

#### **Driving Record**

A drivers abstract referencing the last three years of a driver's record is required to be on file at the Oregon School District Office every year or any other time as deemed necessary by the Oregon School District.

#### **Internet Access & Email**

All contractors are required to have internet access and an email account., Contractors not in compliance will forfeit \$ 100.00 per pay period.

#### **Cell Phones**

It is against the law to operate a school bus while using a hand held cell phone.

#### **CPR/First Aid**

CPR and First Aid training will be required for all contractors, regular drivers and all special needs drivers. Exceptions for substitute drivers need approval from the transportation director.

The fuel price reading will be taken on the first day of the month or the first School day thereafter at Kwik Trip north at approximately 12:00 noon.

#### **Mileage**

Mileage is calculated from the time the bus leaves the garage, and continues *for that particular route* until the bus is back to the garage. For example, if you are doing a double morning route, the mileage for that route starts when you leave the bus garage and continues through your assigned runs. The calculation stops when you get back to the bus garage. For Special Education routes, the same is true. Mileage is calculated from the bus garage, to picking up the students and dropping them off at the school(s), and then back to the garage. The same process is true for both morning and afternoon runs.

Field Trips/Co-Curricular Trips are processed in a like manner. The mileage calculation starts from the bus garage through the entirety of the trip, and stops when the bus returns to the garage. - Mileage is reimbursed from School to School.

All vehicles new to the fleet must be painted in the yellow and black color scheme and be equipped with warning lights, stop arm , strobe lights, two way radios and cross over gate and a child reminder system.

#### **Insurance**

One million dollar combined single limit liability insurance coverage is required for all vehicles.

All contractors are required to carry workers compensation insurance.

A certificate of insurance is required to be on file in the Oregon School District Office listing the Oregon School District as the certificate holder for both liability and workers compensation. In addition, a letter and a declaration of coverage from the insurance agent needs to be sent to the district every year providing proof of insurance coverage.

Bus Contractors are expected to be in daily contact with his/her bus operation. The bus

contractor must drive over one-half the actual contract days available to be driven. This can be achieved by driving routes, shuttles or co-curricular trips.

#### **Training**

All contractors/drivers are required to attend programs up to 1.5 hours/month based on the District providing the program. Some examples of these are:

- Managing violence on the school bus
- Handling the parent contact
- Discharge them right (safety)
- Sexual Harassment
- School Bus/Pedestrian Safety

Bus contractors themselves, or their drivers who do not attend required training, will have \$200 per driver/day deducted from their monthly bus payment. The intent of this language is to hold bus contractors and their drivers accountable for attending training. If \$200 is not effective in this goal, the amount may increase in subsequent years. Safety meeting dates will be given at least six months in advance.

#### **Bus Radios**

Fixed/hard wired bus radios and installation will be paid for by the Bus Contractor. The \$18 /month service/airtime fee will be incurred by the School District.

#### **Bus Tablets**

Each route bus will be given a tablet that provides the contractor with demographic information regarding riders. These devices also provide geolocation of the bus in cases of emergency. Tablets should be turned on at the beginning of each route. Electronic attendance will only be taken on shuttles and special education routes when the students are safely in the bus. Electronic attendance will not be taken on regular routes at this time for timing reasons. Loss or damage to these devices is the responsibility of the contractors. They should be used daily.

#### **Discontinuation Notice**

This clause provides contractors \$500/route for official notification by January 1st for the following contract year of discounting a bus contract.

Purchase of portable radios and their service/airtime fees of \$18/ month will be incurred by the Bus Contractor UNLESS:

- Bus Contractor does Road Checks
- Bus Contractors is a Co-Curricular or Shuttle contractor

The Bus Contractor will purchase the portable radio at all times, but if the above conditions are met, the School District will incur the \$18 /month fee for ONE portable radio per Bus Contractor. If a Bus Contractor wishes to have more than ONE portable radio, the Bus Contractor will also incur the \$18 /month airtime fee for the additional radio. Note: the School District may turn off the service/airtime for the radios during non-school months if the radios are not in use.

The contract is based on 176 contracted days. The Base Rate will be adjusted if school days are increased to keep the base dollars the same for each route.

Any state statute concerning an exemption of the fuel tax is to be reviewed. Any savings would be passed on to the school district.

Bus Contractors are paid on the fifteenth of the month. If the fifteenth falls on a day the district office is closed, then the checks will be available on the previous business day. The contractors who do co-curricular work (shuttles and trips) need to have the paperwork into the transportation director by the 5<sup>th</sup> of the following month. Contractors and drivers need to do a thorough and complete job on the various requests from the district such as student counts and monthly reports. Failure to submit paperwork in a timely manner may result in a delay in payments until the following month or until the paperwork is submitted, whichever is later.

All vehicles used for the transportation of school children in the Oregon School district must be inspected and approved by the State of Wisconsin, Department of Transportation Inspectors. All inspections will be done during the summer months, any bus not inspected by September 1st of that school year will be deemed "out of service" by the district. The contractor will be penalized \$ 30.00 per school day, until the bus is brought into compliance and no longer out of service per the state of Wisconsin.

Bus contractors shall submit a copy of the State of Wisconsin, Department of Transportation School Bus Inspection report by Sept.1st of the upcoming school year to the Director of Transportation.

There will be a mandatory contractor meeting in August before the start of each school year, all paperwork such as driver abstracts, inspection sheets, Certificates of insurance and other district requests should be handed in at this meeting.

A contract may be terminated by the Board of Education if, in the opinion of the Board of Education, a bus contractor has failed to comply with any of the regulations prescribed by the Motor Vehicle Department, Department of Public Instruction, or the Board of Education.

<u>X</u> Action Discussion Information

TO: Board of Education FROM: Dr. Leslie Bergstrom DATE: October 9th, 2023

AGENDA ITEM: C3 Approval of Increase in Per Pupil Reimbursement Amount for the 4K Program for 2023-24 INITIATED BY: Andy Weiland SUBMITTED BY: Andy Weiland BOARD POLICY OR STATUTORY REFERENCE: None

#### **SUPPORTING DATA:**

The November 2022 recurring operational referendum was focused on retaining and attracting the best educators for every classroom, including educators in our 4K program. Our community-based 4K programs serve the youngest students in the Oregon School District. The quality programming they provide is the introduction many of our families receive to the OSD. Consequently, it is important to also ensure that our 4K partners are able to provide competitive salaries that retain and attract quality staff.

We are currently paying our 4K community partners \$3,400/student per school year. We recommend raising this amount to \$3,550 for the 2023-24 school year. This increase approximates a 4.5% increase similar to our employee groups. If approved, the contract addendum will indicate an increase in base wage pay for 4K educators and assistants. We will conduct additional research in the spring to benchmark Dane County 4K per student reimbursement to ensure that we remain competitive. We have budgeted for this increase during our budgeting process.

#### SUMMARY AND RECOMMENDATION:

It is recommended that the Board of Education approve the 2023-24 allocation of \$3,550 per student for the Oregon School District 4K community-based sites.
